Auditor's Report.

To the Citizens of the Town of Saugus:

In presenting the annual report for the year 1911 to my fellow citizens for their examination and approval, I trust every citizen of the Town will give it a most careful examination, so that at the coming Town Meeting which promises to be one of the most important ever held, they will be prepared to act upon all the articles coming before them with that degree of intelligence and discretion that the affairs of the Town seem to demand while under the highest tax rate in its history.

The Assessors for some years have assessed an overlay of \$3,000 which is supposed to take care of the abatements, but it is not enough the abatements last year amounting to \$4,336.94, and I recommend that this amount be increased this year to \$4,400.

You will notice that the Finance Committee recommend that the Selectmen's Incidentals be divided this year into five different appropriations which I think would be a step in the wrong direction, as at the close of the year, we should have just so many more unexpended balances or overruns to contend with, whereas, under the present system, if one of these appropriations (if made) became exhausted, the Selectmen could apply any unexpended balance, if any existed, from any of the other appropriations. It certainly would make no difference in the end and would save both the Selectmen and the Auditor much labor.

The same may apply to the Highways' and Bridges' account where it is proposed to divide it into two departments, viz: Highways and Bridges and the removal of snow and sanding. How is any one to know what it is going to cost the present or any year for the removal of snow and sanding? It may cost \$500 or it may cost \$2,500 in which case we may have a large unexpended balance or a large overrun, and as the removal of snow is certainly a part of keeping the highways in good condition, and if the cost of the removal of snow and sanding should be more than the amount recommended, the balance could be met from the Highways or vice versa, and as the amount of street railroad and Excise Tax this past year was cut down about \$1,100, it would seem that every dollar appropriated for this department could be spent upon the highways, if not required for the removal of snow, and would not be too much to keep them in as good condition as they should be.

Respectfully submitted,

GEORGE PARSONS,

Auditor.

SAUGUS, February 12, 1912.

ANNUAL TOWN MEETING.

ESSEX, SS.

To W. Charles Sellick, Constable of the Town of Saugus:

GREETING :

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the Town of Saugus, qualified to vote in Town affairs, to meet at the several voting precincts in the Town on Monday, March Sixth, A. D. 1911, at 5.45 o'clock A. M., then and there to bring in their ballots to the Wardens for the following Town officers :

Town Clerk, three Selectmen, three Overseers of the Poor, Treasurer, Auditor, Constable, Collector of Taxes, Tree Warden, three Fence Viewers, one Finance Committee, for one year; one Assessor, one Sinking Fund Commissioner, one Trustee of Public Library, one Board of Health, one Water Commissioner, one School Committee, one Cemetery Commissioner, three Finance Committee, for three years; three Finance Committee, for two years. Also your "Yes" or "No" to the following question: Shall License be granted for the sale of intoxicating liquors in the Town for the ensuing year?

Also to appear at the Town Hall on Monday evening, March thirteenth A. D., nineteen hundred and eleven, at eight o'clock, to hear and act on the following articles, viz. :

ARTICLE 1. To choose a Moderator to preside at said meeting.

ART. 2. To hear reports of Committees.

ART. 3. To choose all other Town Officers, which Towns are, by law, required to choose in the months of March and April annually.

ART. 4. To revise the Jury List.

ART. 5. To see what action the Town will take in relation to charging interest or making a discount on taxes assessed during the ensuing year.

ART. 6. To make an appropriation and raise such sums of money as may be necessary to defray Town charges for the ensuing year.

ART. 7. To see what action the Town will take in the matter of fixing the compensation of any or all Town Officers, and make an appropriation for the same.

ART. 8. To see if the Town will authorize the Treasurer, with the approval of the Selectmen, to borrow during the current municipal year beginning March sixth, 1911, in anticipation of the taxes for said municipal year such sums of money as may be necessary to meet the current expenses of the Town, giving the note or notes of the Town therefor.

ART. 9. To see if the Town will vote to borrow a sum of money not to exceed twenty thousand dollars (\$20,000) and issue notes or bonds of the Town thereof, the proceeds to be used for constructing a Fire Engine House and acquiring land for a site therefor; the said site and building to be located at the northwest corner of Adams avenue and Central street, or as near that location as possible, in conformity to the petition of George Quarmby and others.

ART. 10. To see if the Town will appropriate the sum of twenty-five hundred dollars (\$2,500) for the purchase of a Hook and Ladder Truck with two thirty gallon chemical tanks and all regular equipments on the same, agreeable to the petition of George Quarmby and others.

ART. 11. To see if the Town will appropriate the sum of twelve hundred dollars (\$1,200) for the purchase of four horses for the Fire Department, the same to be placed and kept at the Central Fire House except when employed on the Highway or at Fires, agreeable to the petition of George Quarmby and others.

ART. 12. To see if the Town will vote to purchase an Automobile Combination Chemical and Hose with two Ladders, at an expense not exceeding five thousand five hundred dollars, (\$5,500) or to see what action the Town will take in the matter, agreeable to the petition of Walter C. Perkins and others.

ART. 13. To see if the Town will appropriate the sum of one thousand dollars, (\$1,000) for re-wiring the Fire Alarm System where needed and any other repairs necessary for the perfecting of the System, agreeable to the petition of George Quarmby and others.

ART. 14. To see if the Town will appropriate the sum of three thousand dollars (\$3,000) for the salaries of two permanent and twenty-four call Firemen, agreeable to the petition of George Quarmby and others.

ART. 15. To see if the Town will vote to instruct the Moderator to appoint a Committee of five to build a Fire House, with full authority to purchase land therefor, to make contracts in the name of the Town, and do all other Acts necessary to build, furnish and complete the same, as called for under Articles 9, 10, 11, 12, 13, 14.

ART. 16. To see if the Town will vote to accept an Act of the Legislature of Massachusetts of the year 1911, entitled "An Act to establish the office of Water Commissioners for the Town of Saugus."

ART. 17. To see if the Town will vote to authorize the Town Treasurer with the approval of the Water Commissioners

of the Town of Saugus to issue bonds of an amount not exceeding seven thousand dollars (\$7,000) by virtue of and in accordance with an Act of the Legislature of Massachusetts of 1911, entitled, "An Act to establish the office of Water Commissioners for the Town of Saugus," or to see what action the Town will take in the matter, agreeable to the petition of Herbert E. Dodge and others.

ART. 18. To see if the Town will authorize the Town Treasurer, with the approval of the Selectmen, to make water loans for the extension of the water system, or to see what action the Town will take in the matter, agreeable to the petition of George Quarimby and others.

ART. 19. To see if the Town will authorize the Town Treasurer, with the approval of the Selectmen, to make a water loan not to exceed two thousand dollars, (\$2,000) for the laying of a six inch water pipe on Clinton avenue and Westford street, or to see what action the Town will take in the matter, agreeable to the petition of Frank J. Grossheim and others.

ART. 20. To see if the Town will authorize and direct the Water Board to lay a six inch water pipe from the junction of Winter street and Clinton avenue, precinct 1, along Clinton avenue to the junction of Westford street and Westland avenue, a total distance of 1,597 feet, more or less, or to see what action the Town will take in the matter, agreeable to the petition of Frank J. Grossheim and others.

ART. 21. To see if the Town will appropriate the sum of fifteen hundred dollars for the purpose of laying a six inch water pipe from Spring street, northerly, on Broadway fifteen hundred feet. The same to be paid for from the unexpended balance of the 1910 water loan, or to see what action the Town will take in the matter, agreeable to the petition of James W. Burnett and others.

ART. 22. To see if the Town will make a water loan, not exceeding \$1,800, for the laying of water pipes on Appleton street, from Central to Summer streets, agreeable to the petition of Charles L. Pilling and others, or to see what action the Town will take in the matter.

ART. 23. To see if the Town will vote to lay a water main from the point where the water main now is opposite the residence of William England on Clifton avenue, through Clifton avenue to Western avenue, or to see what action the Town will take in the matter, agreeable to the petition of Peter A. Musick and others.

ART. 24. To see if the Town will appropriate the sum of seventeen hundred and seventy-five dollars (\$1,775) for the suppression of the Elm Leaf Beetle, or to see what action the Town will take in the matter, agreeable to the petition of Thomas E. Berrett and others.

ART. 25. To see if the Town will appropriate the sum of \$600 for the purpose of exterminating the Elm Tree Beetle, so-called, or to see what action the Town will take in the matter, agreeable to the petition of Horace H. Atherton, Jr., and others.

ART. 26. To see if the Town will make an appropriation of fifteen hundred dollars (\$1,500) for the grading of Main street from Mitchell's corner to the Wakefield line, or to see what action the Town will take in the matter, agreeable to the petition of Frederick S. Mitchell and others.

ART. 27. To see if the Town will appropriate the sum of three hundred dollars (\$300) for eight Band Concerts to be given by the Saugus Brass Band, two at Saugus Center, two at Cliftdale, two at East Saugus, and two at North Saugus, or to see what action the town will take in the matter, agreeable to the petition of Edmond M. Porter and others.

ART. 28. To see if the Town will appropriate the sum of one thousand, two hundred and fifty dollars for the installation of a heating and ventilating plant in the Essex street School, the work to be done under the supervision of the School Committee, or to see what action the Town will take in the matter, agreeable to the petition of Frank P. Bennett, Jr., and others.

ART. 29. To see if the Town will vote to rescind the vote of Article 37 of the Annual Town Meeting of March 14, 1910, whereby the Town voted to appropriate the sum of twelve hundred dollars for grading a part of Central and Main streets, under the provision known as the "Small Town Act" on condition that the State pays a like amount to the Town during the year 1910 for said grading, or to see what action the Town will take in the matter.

ART. 30. To see if the Town will appropriate the sum of twelve hundred dollars (\$1,200) for the grading of a part of Central and Main streets, under the provision known as the "Small Town Act" on condition that the State pays a like amount to the Town, agreeable to the petition of Charles N. Wormstead and others.

ART. 31. To see if the Town will vote to reimburse Richard Johnston the sum of sixty five dollars (\$65) for laying water pipe on Grove street, from Maple street, a distance of one hundred and sixty feet, or to see what action the Town will take in the matter, agreeable to the petition of Richard Johnston and others.

ART. 32. To see what action the Town will take in relation to Street Lighting, and make an appropriation therefor.

ART. 33. To see what compensation the Town will give the Collector for collecting the taxes of 1911, or to see what action the Town will take in the matter.

ART. 34. To see if the Town will make an appropriation from which to pay commissions for all taxes collected during the year 1911.

ART. 35. To see if the Town will make an appropriation for oiling streets in accordance with Chapter 186, Section 1, of the Acts of 1895 as accepted by the Town, agreeable to the petition of John H. Parker and others.

ART. 36. To see if the Town will appropriate the sum of twenty-five hundred dollars (\$2,500) for the care of Riverside Cemetery, the same to be expended under the direction of the Cemetery Commissioners, or to see what action the Town will take in the matter.

ART. 37. To see if the Town will appropriate the sum of four hundred dollars (\$400) for steel fixtures, to be installed in the vault of the Board of Assessors according to Statutes, same to be expended under the direction of the Board of Assessors, or to see what action the Town will take in the matter, agreeable to the petition of Ernest L. Noera and others.

ART. 38. To see if the Town will appropriate the sum of four hundred (\$400) for the purpose of preparing and printing a valuation book for the year 1911, same to be expended under the direction of the Board of Assessors, or to see what action the Town will take in the matter, agreeable to the petition of Ernest L. Noera and others.

ART. 39. To see if the Town will appropriate the sum not to exceed \$600 as a fixed salary for the Building Inspector for his performances of duties during the year 1911, or to see what action the Town will take in the matter, agreeable to the petition of E. L. Noera and others.

ART. 40. To see if the Town will vote to employ none but citizens of the United States, or to see what action the Town will take in the matter.

ART. 41. To see if the Town will appropriate the sum of \$175 for the purpose of installing a fire alarm box on Central street, at the corner of Birchwood avenue, or to see what action the Town will take in the matter, agreeable to the petition of Napoleon E. Hebert and others.

ART. 42. To see if the Town will appropriate the sum of fifty dollars (\$50) for the purpose of certification of Town notes for the year 1911 or to see what action the Town will take in the matter, agreeable to the petition of Joseph S. Meacom and others.

ART. 43. To see if the Town will make an appropriation for Town Counsel, or see what action the Town will take in the matter, agreeable to the petition of Henry F. Fiske and others.

ART. 44. To see if the Town will instruct the Selectmen to investigate the advisability of purchasing and grading the lot in the rear of the Felton School and to make an appropriation for same, or to see what action the Town will take in the matter, agreeable to the petition of Henry F. Fiske and others.

ART. 45. To see if the Town will make an appropriation for the inspection of Plumbing, or to see what action the Town will take in the matter, agreeable to the petition of George Quarmby and others.

ART. 46. To see if the Town will appropriate the sum of one hundred and seventy-five (\$175) for the building of a sidewalk for a distance of 200 feet along the westerly side of Lincoln avenue, where George E. Haskell and others are abutters, or to see what action the town will take in the matter, agreeable to the petition of Charles Florence and others.

ART. 47. To see if the Town will appropriate the sum of two hundred and seventy-five dollars (\$275) for the observance of Memorial Day, the same to be expended under the supervision of Post 95, G. A. R., or to see what action the Town will take in the matter.

ART. 48. To see if the Town will make an appropriation for concrete sidewalks, or to see what action the Town will take in the matter.

ART. 49. To see if the Town will make an appropriation for repairs on Town Buildings and Grounds.

ART. 50. To see if the Town will appropriate the sum of two hundred dollars (\$200) for Tree Warden, or see what action the Town will take in the matter.

ART. 51. To see if the Town will make an appropriation to defray the expense of the Lock-up.

ART. 52. To see if the Town will make an appropriation for Hydrant Service, or to see what action the Town will take in the matter.

ART. 53. To see if the Town will appropriate the sum of one thousand dollars (\$1,000) for the maintenance of its water system, or to see what action the Town will take in the matter.

ART. 54. To see if the Town will make an appropriation not exceeding two thousand two hundred and four dollars and twenty cents (\$2,204.20) for the extermination of the Brown Tail and Gypsy Moth, or to see what action the Town will take in the matter.

ART. 55. To see if the Town will appropriate the sum of five hundred (\$500) on account of the Sinking Fund for payment of the notes borrowed for the Cliftdale School Loan "New" or see what action the Town will take in the matter.

ART. 56. To see if the Town will appropriate the sum of one thousand dollars (\$1,000) for repairs to the interior of the schoolhouses, or to see what action the Town will take in the matter.

ART. 57. To see if the Town will make an appropriation with the dog tax and receipts of the Library for the use of the Public Library, the same to be expended under the direction of the Trustees of the aforesaid Library, or to see what action the Town will take in the matter.

ART. 58. To see if the Town will make an appropriation of five hundred dollars (\$500) for the extension of 1,100 feet of four-inch water pipe from the present pipe on Beachview avenue through Beachview park, or to see what action the Town will take in the matter, agreeable to the petition of Jean Blanc and others.

ART. 59. To see if the Town will instruct the Selectmen to locate incandescent lights in the following places, and make an appropriation therefor, viz.: One in Fairmount place, one on Bristow street about one hundred yards from Lincoln avenue, two on Bristow street between the Salem Turnpike and Beechwood avenue, or to see what action the Town will take in the matter.

ART. 60. To see if the Town will accept Mountain avenue 50 feet wide and beginning at the southeasterly corner of Mountain avenue and Castle street and extending in northwesterly direction 448.05 feet as per plan on file with Town Clerk, or see what action the Town will take in the matter.

ART. 61. To see if the Town will accept Danforth avenue 40 feet wide and beginning at the southeasterly corner of Danforth and Mountain avenue and extending in a southwesterly direction 253 feet as per plan on file with Town Clerk, or to see what action the Town will take in the matter.

ART. 62. To see if the Town will appoint a Committee of seven, one from each of the so-called sections of the Town, viz.: Saugus Centre, Pleasant Hills, Clifondale, East Saugus, Lynn-

hurst, North Saugus and Oaklandvale, to examine into the question of the advisability of extending Woodbury avenue to the Lynn line and the laying of a twelve-inch water main on such extension or to see what action the Town will take in the matter.

ART. 63. To see if the Town will appoint a Committee of five to examine into the present methods of holding our Town Caucus and recommend such changes if any they deem advisable to better our present methods, or see what action the Town will take in the matter.

ART. 64. To see if the Town will instruct the Board of Selectmen to execute a five year contract with the City of Lynn for a water supply, or to see what action the Town will take in the matter.

ART. 65. To see if the Town will appropriate the sum of eight hundred seventy-three dollars and thirty-five cents (\$873.35) to cover overdrafts of the following departments, viz : Fire Department, \$70.50; Board of Health, \$544.85; Water Maintenance, \$48; Concrete Sidewalks, \$210, or to see what action the Town will take in the matter.

The Polls will open at 5.45 o'clock A. M. and may close at 4.30 P. M. and you are hereby directed to serve this Warrant by posting attested copies at the usual places seven days at least before the time of holding said meeting, and to distribute copies as provided by the By-Laws at least four days before.

Hereof, fail not, and make due return of this Warrant, with your doings thereon, to the Town Clerk, at the time and place of said meeting.

Given under our hands and Town Seal this twentieth day of February, A. D. nineteen hundred and eleven.

GEORGE QUARMBY,
JOHN H. PARKER,
HENRY F. FISKE,

Board of Selectmen.

ESSEX ss.

March 6, 1911.

Pursuant hereunto I have served this Warrant as herein directed.

W. CHARLES SELICK,
Constable.

TOTAL VOTE FOR TOWN OFFICERS.

March 6, 1911.

Pursuant to the Warrant the inhabitants of the Town met at the various precincts and voted as follows:

Annual Town Meeting to act on Articles in Town Warrant was held Monday evening, March 13, 1911, at 8 o'clock.

The meeting was called to order by the Town Clerk, Henry A. Parker, who read the Warrant and the Constable's return, omitting the reading of the articles as a motion by Herbert M. Forristall which was carried that the reading of the articles be dispensed with.

ART. 1. To choose a Moderator to preside at said meeting.

Chose Thomas P. Parsons, who, after being duly qualified by the Town Clerk, took charge of the meeting.

ART. 2. To hear reports of committees.

Voted, To accept the reports of committees appointed at the meeting of March 28, 1910 to examine the requirements of the Fire Department, also the Committee appointed March 28, 1910 to ascertain the best methods to adopt for a future water supply, and the Finance Committee report for the ensuing year.

Voted, To adjourn at 10.15 o'clock to Tuesday, March 14, 1911, at 8 o'clock.

ART. 3. To choose all other town officers which towns are, by law, required to choose in the months of March and April annually.

Chose, Carl F. Koch, Pound Keeper; Thomas E. Berrett, Frederic Stocker, Field Drivers; Herbert O. Pratt, Frank H. Coburn, Frederic Stocker, Measures of Wood and Bark.

ART. 4. To revise the Jury List.

Voted, To refer to the Board of Registrars.

ART. 5. To see what action the Town will take in relation to charging interest or making a discount on taxes assessed during the ensuing year.

Voted, That all taxes are due and payable on October 1, 1911, and interest at the rate of six per cent per annum be charged on all taxes remaining unpaid after November 1, 1911.

ART. 6. To make an appropriation and raise such sums of money as may be necessary to defray Town charges for the ensuing year.

Voted, That the sum of forty-four thousand dollars (\$44,000) be and is hereby appropriated for schools.

Voted, That the sum of six thousand, six hundred dollars, (\$6,600) be and is hereby appropriated for Selectmen's Incidentals.

Voted, That the sum of three thousand two hundred dollars (\$3,200) be and is hereby appropriated for Overseers of the Poor Department.

Voted, That the sum of five thousand dollars (\$5,000) be and hereby is appropriated for Water Loan Principal.

Voted, That the sum of one thousand dollars (\$1,000) be and is appropriated for North Saugus Water Loan Principal.

Voted that the sum of three thousand dollars (\$3,000) be and is hereby appropriated for Roby School House Loan Principal.

Voted, That the sum of two thousand dollars (\$2,000) be and is hereby appropriated for 1905 School House Loan Principal.

Voted, That the sum of two thousand dollars (\$2,000) be and is hereby appropriated for East Saugus School House Loan Principal.

Voted, To lay the interest appropriation on the table.

Voted, That the sum of five thousand dollars (\$5,000) together with the amount received from the Street Railway and Excise Tax (about \$6,500) be and is hereby appropriated for Highways and Bridges.

Voted, That the sum of three thousand five hundred dollars (\$3,500) be and is hereby appropriated for State and Military Aid.

Voted, To reconsider the vote of \$3,200 for the Overseers of the Poor.

Voted, That the sum of four thousand seventeen dollars and eighty-three cents (\$4,017.83) be and is hereby appropriated for the Overseers of the Poor.

Voted, That the sum of fifteen hundred dollars (\$1,500.) be and is hereby appropriated for Assessors Department.

Voted, That the sum of fifty-six hundred dollars (\$5,600.) be and is hereby appropriated for Police Department.

Voted, That the sum of twelve hundred and seventy-five dollars (\$1,275.) be and is appropriated for Insurance.

Voted, That the sum of nineteen hundred dollars (\$1,900.) be and is hereby appropriated for Board of Health.

Voted, That the sum of nine hundred and fifty dollars (\$950.) be and is hereby appropriated for Soldiers' Relief.

Voted, That the sum of two thousand dollars (\$2,000.) be and is hereby appropriated for Fire Department.

Voted, To reconsider the vote of \$2,000. for 1905 School House Loan, and the vote of \$2,000. for E. Saugus School House Loan Principal.

Voted, That the sum \$3,000, for the 1905 School House Loan Principal and the sum of \$1,000 for East Saugus School House Principal be and is hereby appropriated.

ART. 7. To see what action the Town will take in the matter of fixing the compensation of any or all Town Officers, and make an appropriation for the same.

Voted, To lay on the table.

The Moderator appointed and swore in the following citizens as tellers, viz: Herbert M. Forristall, Walter L. C. Niles, Ernest W. Homan, James L. Biffin.

ART. 9. To see if the Town will vote to borrow a sum of money not to exceed twenty thousand dollars (\$20,000) and issue notes or bonds of the Town thereof, the proceeds to be used for constructing a Fire Engine House and acquiring land for a site therefor; the said site and building to be located at the northwest corner of Adams avenue and Central street, or as near that location as possible, in conformity to the petition of George Quarmby and others.

Voted, To indefinitely postpone.

ART. 10. To see if the Town will appropriate the sum of twenty-five hundred dollars (\$2,500) for the purchase of a Hook and Ladder Truck with two thirty gallon chemical tanks and all regular equipments on the same, agreeable to the petition of George Quarmby and others.

Voted, To indefinitely postpone.

ART. 11. To see if the Town will appropriate the sum of twelve hundred dollars (\$1,200) for the purchase of four horses for the Fire Department, the same to be placed and kept at the Central Fire House except when employed on the Highway or at Fires, agreeable to the petition of George Quarmby and others.

Voted, To indefinitely postpone.

ART. 13. To see if the Town will appropriate the sum of one thousand dollars, (\$1,000) for re-wiring the Fire Alarm System where needed and any other repairs necessary for the perfecting of the System, agreeable to the petition of George Quarmby and others.

Voted, That the sum of one thousand dollars (\$1,000) be and is hereby appropriated for repairs on Fire Alarm System, to include the installation of a storage battery system with a three circuit controlling switch board.

Voted, To take up Article 19.

ART. 19, under discussion at the time it was voted to adjourn.

Adjourned at 10.15 P. M. to Tuesday evening, March 14, at 8 o'clock.

A true copy, Attest :

HENRY A. PARKER,
Town Clerk.

SAUGUS, March 14, 1911.

Adjourned Town Meeting.

Meeting called to order by the Moderator at 8 o'clock P. M.

Records of last meeting were read by the Town Clerk, and approved.

ART. 19. Voted, To lay on the table.

Voted, To take up Article 16.

ART. 16. To see if the Town will vote to accept an Act of the Legislature of Massachusetts of the year 1911, entitled "An Act to establish the office of Water Commissioners for the Town of Saugus."

Voted, To accept the Act.

Voted, To take from the table Article 19.

ART. 19. To see if the Town will authorize the Town Treasurer, with the approval of the Selectmen, to make a water loan not to exceed two thousand dollars, (\$2,000) for the laying of a six inch water pipe on Clinton avenue and Westford street, or to see what action the Town will take in the matter, agreeable to the petition of Frank J. Grossheim and others.

Voted, That Article 19 be referred to the Water Board.

Voted, To take up Article 17.

ART. 17. To see if the Town will vote to authorize the Town Treasurer with the approval of the Water Commissioners of the Town of Saugus to issue bonds of an amount not exceeding seven thousand dollars (\$7,000) by virtue of and in accordance with an Act of the Legislature of Massachusetts of 1911, entitled, "An Act to establish the office of Water Commissioners for the Town of Saugus," or to see what action the Town will take in the matter, agreeable to the petition of Herbert E. Dodge and others.

Voted, That two-thirds of the legal voters present and voting, having voted therefor, that for the purpose of procuring a loan to and for the use of the Town of Saugus, to pay for the renewal and extension of the Water System, the Treasurer of the Town is hereby authorized and directed to borrow from time to time, with the approval of the Water Commissioners, a sum or sums, in the aggregate not exceeding seven thousand dollars (\$7,000), and to execute and deliver a bond or bonds of the Town therefor. Yeas, 135; Nays, 0.

Voted, To take up Article 21.

ART. 21. To see if the Town will appropriate the sum of fifteen hundred dollars for the purpose of laying a six inch water pipe from Spring street, northerly, on Broadway fifteen hundred feet. The same to be paid for from the unexpended balance of the 1910 water loan, or to see what action the Town will take in the matter, agreeable to the petition of James W. Burnett and others.

Voted, That the sum of one thousand five hundred dollars (\$1,500) be and is hereby appropriated for the purpose of laying water pipes on Broadway, North Saugus, this amount to be taken from the unexpended balance of the 1910 North Saugus Water Loan.

Voted, To take up Article 22.

ART. 22. To see if the Town will make a water loan, not exceeding \$1,800, for the laying of water pipes on Appleton street, from Central to Summer streets, agreeable to the petition of Charles L. Pilling and others, or to see what action the Town will take in the matter.

Voted, To refer to the Water Board.

Voted, To take up Article 23.

ART. 23. To see if the Town will vote to lay a water main from the point where the water main now is opposite the residence of William England on Clifton avenue, through Clifton avenue to Western avenue, or to see what action the Town will take in the matter, agreeable to the petition of Peter A. Musick and others.

Voted, To refer to the Water Board.

Voted, To take up Article 58.

ART. 58. To see if the Town will make an appropriation of five hundred dollars (\$500) for the extension of 1,100 feet of four-inch water pipe from the present pipe on Beachview avenue through Beachview park, or to see what action the Town will take in the matter, agreeable to the petition of Jean Blanc and others.

Voted, To refer to the Water Board.

Voted, To adjourn at 10.15 to Wednesday evening, March 15, 1911.

Voted, To take up Article 18.

ART. 18. To see if the Town will authorize the Town Treasurer, with the approval of the Selectmen, to make water loans for the extension of the water system, or to see what action the Town will take in the matter, agreeable to the petition of George Quarmby and others.

Voted, To indefinitely postpone.

Voted, To take up Article 20.

ART. 20. To see if the Town will authorize and direct the Water Board to lay a six inch water pipe from the junction of Winter street and Clinton avenue, precinct 1, along Clinton avenue to the junction of Westford street and Westland avenue, a total distance of 1,597 feet, more or less, or to see what action the Town will take in the matter, agreeable to the petition of Frank J. Grossheim and others.

Voted, To refer to the Water Board.

Voted, To take up Article 15.

ART. 15. To see if the Town will vote to instruct the Moderator to appoint a Committee of five to build a Fire House, with full authority to purchase land therefor, to make contracts in the name of the Town, and do all other Acts necessary to build, furnish and complete the same, as called for under Articles 9, 10, 11, 12, 13, 14.

Voted, To indefinitely postpone.

ART. 24. To see if the Town will appropriate the sum of seventeen hundred and seventy-five dollars (\$1,775) for the suppression of the Elm Leaf Beetle, or to see what action the Town will take in the matter, agreeable to the petition of Thomas E. Berrett and others.

Voted, to indefinitely postpone.

ART. 25. To see if the Town will appropriate the sum of \$600 for the purpose of exterminating the Elm Tree Beetle, so-called, or to see what action the Town will take in the matter, agreeable to the petition of Horace H. Atherton, Jr., and others.

Voted, That the sum of \$600 be and is hereby appropriated for the extermination of the Elm Tree Beetle.

Voted, To take up Article 28.

ART. 28. To see if the Town will appropriate the sum of one thousand, two hundred and fifty dollars for the installation of a heating and ventilating plant in the Essex street School, the work to be done under the supervision of the School Committee, or to see what action the Town will take in the matter, agreeable to the petition of Frank P. Bennett, Jr., and others.

Voted, That the sum of \$1,250 be and hereby is appropriated for heating and ventilating the Essex Street School, same to be spent under the direction of the School Committee.

ART. 26. To see if the Town will make an appropriation of fifteen hundred dollars (\$1,500) for the grading of Main street from Mitchell's corner to the Wakefield line, or to see what action the Town will take in the matter, agreeable to the petition of Frederick S. Mitchell and others.

Voted, to refer to the Highway Department.

ART. 27. To see if the Town will appropriate the sum of three hundred dollars (\$300) for eight Band Concerts to be given by the Saugus Brass Band, two at Saugus Center, two at Cliftondale, two at East Saugus, and two at North Saugus, or to see what action the town will take in the matter, agreeable to the petition of Edmond M. Porter and others.

Voted, That the sum of \$300 be and is hereby appropriated for Band Concerts.

Motion made by Charles N. Wormstead that it be the sense of the voters here present that a vote of thanks be given to the three retiring members of the Finance Committee, viz.: Edgar B. Oliver, Fred C. Cheever and Charles E. Putnam, for their valuable services rendered for the six years for which they have served, was unanimously carried.

ART. 29. To see if the Town will vote to rescind the vote of Article 37 of the Annual Town Meeting of March 14, 1910, whereby the Town voted to appropriate the sum of twelve hundred dollars for grading a part of Central and Main streets,

under the provision known as the " Small Town Act " on condition that the State pays a like amount to the Town during the year 1910 for said grading, or to see what action the Town will take in the matter.

Voted, To rescind the vote of March 14, 1910.

ART. 30. To see if the Town will appropriate the sum of twelve hundred dollars (\$1,200) for the grading of a part of Central and Main streets, under the provision known as the " Small Town Act " on condition that the State pays a like amount to the Town, agreeable to the petition of Charles N. Wormstead and others.

Voted, That the sum of twelve hundred dollars (\$1,200) be and is hereby appropriated for the grading of a part of Central and Main streets under the provision known as the " Small Town Act " on condition that the State pays a like amount to the Town.

ART. 31. To see if the Town will vote to reimburse Richard Johnston the sum of sixty five dollars (\$65) for laying water pipe on Grove street, from Maple street, a distance of one hundred and sixty feet, or to see what action the Town will take in the matter, agreeable to the petition of Richard Johnston and others.

Voted, To indefinitely postpone.

ART. 32. To see what action the Town will take in relation to Street Lighting, and make an appropriation therefor.

Voted, That the sum of \$7,250 be and is hereby appropriated for Street Lighting.

ART. 33. To see what compensation the Town will give the Collector for collecting the taxes of 1911, or to see what action the Town will take in the matter.

Voted, That the compensation for the Collector of Taxes for the year 1911 be three-fourths of one per cent on all 1911 taxes collected on or before May 1, 1912, one-half of one per cent on 1911 taxes collected after May 1, 1912.

ART. 34. To see if the Town will make an appropriation from which to pay commissions for all taxes collected during the year 1911.

Voted, That the sum of \$1,000 be and is hereby appropriated for the payment of commissions for all taxes collected during the year 1911.

ART. 35. To see if the Town will make an appropriation for oiling streets in accordance with Chapter 186, Section 1, of the Acts of 1895 as accepted by the Town, agreeable to the petition of John H. Parker and others.

Voted, That the sum of \$1,000 be and is hereby appropriated for Oiling Streets.

ART. 36. To see if the Town will appropriate the sum of twenty-five hundred dollars (\$2,500) for the care of Riverside Cemetery, the same to be expended under the direction of the Cemetery Commissioners, or to see what action the Town will take in the matter.

Voted, That the sum of \$2,500 be and is hereby appropriated for Riverside Cemetery, same to be expended under direction of Cemetery Commissioners.

Voted, To take Article 7 from the table.

ART. 7. To see what action the Town will take in the matter of fixing the compensation of any or all Town Officers, and make an appropriation for the same.

Voted, That the sum of \$100 for the salary of Town Clerk; \$350 for salaries of Selectmen; \$500 for salary of Town Treasurer; \$300 for salary of Town Auditor; \$300 for salaries of Overseers of Poor; \$100 for salaries of Water Commissioners; \$100 for salaries of Board of Health; \$50 for salary Town Constable; \$50 for salary of Secretary of Finance Committee; \$50 for salary of Secretary of School Committee; \$150 for salary of Sealer of Weights and Measures; be and is hereby appropriated.

Voted, That the sum of \$3,000 be and is hereby appropriated for the purpose of paying the salaries of Firemen of the Town of Saugus.

Voted, That the sum of \$500 be and is hereby appropriated for salary Inspector Plumbing, this amount to include any sum paid for inspection of plumbing since January 1, 1911.

Voted, That the sum of \$400 be and is hereby appropriated for salary of Inspector of Buildings for the year 1911.

Voted, That the sum of \$400 be and is hereby appropriated for salary of Town Counsel for the year 1911, this amount to include any sum paid Town Counsel for services since January 1, 1911.

Adjourned at 10.15 o'clock, to Wednesday, March 15, 1911, at 8 o'clock P. M.

A true copy. Attest:

HENRY A. PARKER.

Town Clerk.

SAUGUS, March 15, 1911.

Adjourned Town Meeting.

Meeting called to order by the Moderator at 8 o'clock P. M.

Records of last meeting read by Town Clerk and approved.

Voted, To take from the table the Interest appropriation.

Voted, That the sum of \$14,529.47 be appropriated for interest on Town notes.

ART. 37. To see if the Town will appropriate the sum of four hundred dollars (\$400) for steel fixtures, to be installed in the vault of the Board of Assessors, or to see what action the Town will take in the matter, agreeable to the petition of Ernest L. Noera and others.

Voted, That the sum of \$400 be and is hereby appropriated for steel fixtures for Assessors Vault.

ART. 38. To see if the Town will appropriate the sum of four hundred (\$400) for the purpose of preparing and printing a valuation book for the year 1911, same to be expended under the direction of the Board of Assessors, or to see what action the Town will take in the matter, agreeable to the petition of Ernest L. Noera and others.

Voted, To indefinitely postpone.

ART. 39. To see if the Town will appropriate the sum not to exceed \$600 as a fixed salary for the Building Inspector for his performances of duties during the year 1911, or to see what action the Town will take in the matter, agreeable to the petition of E. L. Noera and others.

Voted, To indefinitely postpone, having been acted on under Article 7.

ART. 40. To see if the Town will vote to employ none but citizens of the United States, or to see what action the Town will take in the matter.

Voted, That in work done by the Town or on contract for work to be done for and within the Town, only citizens of the United States or those who have made primary declarations of intentions to become citizens of the United States shall be employed.

ART. 41. To see if the Town will appropriate the sum of \$175 for the purpose of installing a fire alarm box on Central street, at the corner of Birchwood avenue, or to see what action the Town will take in the matter, agreeable to the petition of Napoleon E. Hebert and others.

Voted, That the sum of \$175 be and is hereby appropriated for the purpose of installing a Fire Alarm box on Central street, at or near Birchwood avenue.

ART. 42. To see if the Town will appropriate the sum of fifty dollars (\$50) for the purpose of certification of Town notes for the year 1911 or to see what action the Town will take in the matter, agreeable to the petition of Joseph S. Meacom and others.

Voted, That the sum of \$50 be and is hereby appropriated for the expense of certification of Town notes.

ART. 43. To see if the Town will make an appropriation for Town Counsel, or see what action the Town will take in the matter, agreeable to the petition of Henry F. Fiske and others.

Voted, To indefinitely postpone, action having been taken under Article 7.

ART. 44. To see if the Town will instruct the Selectmen to investigate the advisability of purchasing and grading the lot in the rear of the Felton School and to make an appropriation for same, or to see what action the Town will take in the matter, agreeable to the petition of Henry F. Fiske and others.

Voted, To indefinitely postpone.

ART. 45. To see if the Town will make an appropriation for the inspection of Plumbing, or to see what action the Town will take in the matter, agreeable to the petition of George Quarmby and others.

Voted, To indefinitely postpone, acted on under Article 7.

ART. 46. To see if the Town will appropriate the sum of one hundred and seventy-five (\$175) for the building of a sidewalk for a distance of 200 feet along the westerly side of Lincoln avenue, where George E. Haskell and others are abutters, or to see what action the town will take in the matter, agreeable to the petition of Charles Florence and others.

Voted, That the sum of \$100 be and is hereby appropriated for the building of sidewalk as called for under Article 46. Said amount to be paid from Highway appropriation.

Voted, To take up Article 14.

ART. 14. To see if the Town will appropriate the sum of three thousand dollars (\$3,000) for the salaries of two permanent and twenty-four call Firemen, agreeable to the petition of George Quarmby and others.

Voted, To indefinitely postpone.

ART. 47. To see if the Town will appropriate the sum of two hundred and seventy-five dollars (\$275) for the observance of Memorial Day, the same to be expended under the supervision of Post 95, G. A. R., or to see what action the Town will take in the matter.

Voted, That the sum of \$275 be and is hereby appropriated for Memorial Day, same to be expended under the direction of Post 95, G. A. R.

ART. 48. To see if the Town will make an appropriation for concrete sidewalks, or to see what action the Town will take in the matter.

Voted, That the sum of \$350 be and is hereby appropriated for concrete sidewalks.

ART. 49. To see if the Town will make an appropriation for repairs on Town Buildings and Grounds.

HENRY A. PARKER,

Town Clerk.

SPECIAL TOWN MEETING, SEPTEMBER 7, 1911.

ESSEX SS.

To W. Charles Sellick, Constable of the Town of Saugus:

GREETING:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the Town of Saugus qualified to vote in Town affairs to meet at the Town Hall, on Thursday evening, September seventh, A. D. 1911, at eight o'clock, to hear and act on the following articles, viz.:

ARTICLE 1. To choose a Moderator to preside at said meeting.

ART. 2. To hear reports of Committees.

ART. 3. To see if the Town will authorize the Treasurer with the approval of the Water Commissioners to make a water loan of seven thousand dollars (\$7,000) for the purpose of extending and improving the water system of Saugus, Mass., under Chapter 91, Section 2, of the Acts of the Massachusetts Legislature of the year 1911, and to define the terms and the time of payment of said loan, agreeable to the petition of Herbert E. Dodge and others.

ART. 4. To see if the Town will authorize the Treasurer with the approval of the Water Commissioners to make a water loan of three thousand dollars (\$3,000) for the purpose of extending and improving the water system of Saugus, Mass., under Chapter 91, Section 2, of the Acts of the Massachusetts Legislature of the year 1911, and to define the terms and the time of payment of said loan, or to see what action the Town will take in the matter, agreeable to the petition of Herbert E. Dodge and others.

ART. 5. To see if the Town will appropriate the sum of \$3,067.49 to reimburse the Selectmen's Incidental account for legal expenses in the cases of Dow and McCormick vs. the Town of Saugus, or to see what action the Town will take in the matter, agreeable to the petition of Henry F. Fiske and others.

ART. 6. To see if the Town will ratify the water contract with the City of Lynn, or to see what action the Town will take in the matter.

ART. 7. To see if the Town will instruct the Water Commissioners to make a contract with the City of Lynn for water supply, or to see what action the Town will take in the matter.

ART. 8. To act on the recommendations of the Finance Committee.

ART. 9. To see if the Town will vote to accept Richard street running from Ballard street to a point opposite the new eight-room brick schoolhouse in East Saugus, a distance of approximately 500 feet, or to see what action the Town will take in the matter.

ART. 10. To see if the Town will vote to extend a vote of thanks to the Building Committee of the new eight-room brick schoolhouse at East Saugus, for the faithful and efficient service of its members.

ART. 11. To see if the Town will vote to authorize the School Committee to name the new eight-room schoolhouse, the Chestnut street school, the Essex street school and Lincoln avenue school so-called, or to see what action the Town will take in the matter.

ART. 12. To see if the Town will vote to instruct the Selectmen to place four incandescent lights on Main street, between the residence of Isaiah Longfellow and the Wakefield line, agreeable to the petition of John H. Mitchell and others.

ART. 13. To act on report of Caucus Committee.

ART. 14. To see if the Town will accept the provisions of Section 37 of Chapter 19 of the Revised Laws of Massachusetts, or to see what action the Town will take in the matter.

ART. 15. To see if the Town will accept the provisions of Sections 178, 179, 180 of Chapter 102 of the Revised Laws of Massachusetts, or to see what action the Town will take in the matter.

ART. 16. To see if the Town will choose a committee of five to be appointed by the Moderator, to ascertain the best method to adopt to prevent the breeding of mosquitoes on the Saugus marshes, or to see what action the Town will take in the matter.

ART. 17. To see if the Town will vote to appropriate the sum of three hundred dollars (\$300) to install suitable new toilet facilities in the Chestnut-street school, so-called, at East Saugus as directed by the Plumbing Inspector, the same to be spent under the direction of the School Committee, or to see what action the Town will take in the matter, agreeable to the petition of Harry T. Turner and others.

ART. 18. To see if the Town will appropriate the sum of fifteen hundred dollars for the purpose of laying a six-inch water pipe from Central street westerly on Appleton street, a distance of about fifteen hundred feet, the same to be paid for from the unexpended balance of the 1910 Water Loan, or to see what action the Town will take in the matter, agreeable to the petition of Herbert E. Dodge and others.

And you are hereby directed to serve this Warrant by posting attested copies at the usual places seven days at least before the time of holding said meeting, and to distribute copies as provided by the By-Laws at least four days before.

Hereof, fail not, and make due return of this Warrant, with your doings thereon, to the Town Clerk, at the time and place of meeting.

Given under our hands and Town Seal this twenty-first day of August, A. D. nineteen hundred and eleven.

JOHN H. PARKER,
GEORGE QUARMBY,
HENRY F. FISKE,

Board of Selectmen.

SAUGUS, September 7, 1911.

ESSEX SS.

Commonwealth of Massachusetts.

Pursuant hereunto I have served this Warrant as herein directed.

W. CHARLES SELICK,

Constable.

Special Town Meeting to act on Articles in Town Warrant was held Thursday evening, September 7, 1911, at 8 o'clock P. M.

The meeting was called to order by Town Clerk Henry A. Parker. The Warrant was read by the Town Clerk, excepting the Articles which upon a vote they were dispensed with the reading thereof.

ARTICLE 1. To choose a Moderator to preside at said meeting.

Chose Thomas P. Parsons, who, after being qualified by the Town Clerk took charge of the meeting.

ART. 2. To hear Reports of Committees.

Reports of the Finance and Caucus Committees were read.

ART. 3. Voted down.

Motion to reconsider the vote on Article 3 was carried. The Moderator appointed the following persons to act as Tellers: H. H. Atherton, Jr., J. Arthur Raddin, H. M. Forristall, J. S. Meacom.

ART. 3. To see if the Town will authorize the Treasurer with the approval of the Water Commissioners to make a water loan of seven thousand dollars (\$7,000) for the purpose of extending and improving the water system of Saugus, Mass., under Chapter 91, Section 2, of the Acts of the Massachusetts Legislature of the year 1911, and to define the terms and the time of payment of said loan, agreeable to the petition of Herbert E. Dodge and others.

Voted, That the Town Treasurer with the approval of the Water Commissioners be, and he hereby is authorized to issue bonds of the Town under Chapter 91, Section 2, of the Acts of the Massachusetts Legislature of 1911, for the purpose of improving and extending the water system. Said bonds to be Serial coupon bonds, number 1 to 7 inclusive, of the denomination of One Thousand Dollars each, dated September 15, 1911, bearing interest at the rate of not exceeding 4 per cent and bear on their face the words, Town of Saugus Water Loan Act of 1911, the coupons attached to said bonds to bear the facsimile signature of the Treasurer. Two bonds numbered 1 and 2 shall be payable November 1, 1912. Two bonds numbered 3 and 4 shall be payable November 1, 1913. Those numbered 5 and 6 payable November 1, 1914, and bond number 7 payable November 1, 1915. Yeas 147, Nays 19.

ART. 4. To see if the Town will authorize the Treasurer with the approval of the Water Commissioners to make a water loan of three thousand dollars (\$3,000) for the purpose of extending and improving the water system of Saugus, Mass., under Chapter 91, Section 2, of the Acts of the Massachusetts Legislature of the year 1911, and to define the terms and the

time of payment of said loan, or to see what action the Town will take in the matter, agreeable to the petition of Herbert E. Dodge and others.

Voted, That the Town Treasurer with the approval of the Water Commissioners be and he hereby is authorized to issue bonds of the Town under Chapter 91, Section 2 of the Acts of the Massachusetts Legislature of 1911, for the purpose of improving and extending the Water System. Said bonds to be Serial coupon bonds numbers eight to ten inclusive, of the denomination of one thousand dollars each, dated September 15, 1911, bearing interest at the rate of not exceeding 4 per cent and bear on their face the words Town of Saugus Water Loan Act of 1911, the coupons attached to said bonds to bear the facsimile signature of the Treasurer. One bond numbered eight, shall be payable November 1, 1915. Those numbered nine and ten payable November 1, 1916. Yeas 128, nays 33.

Voted, To take up Article 18.

ART. 18. To see if the Town will appropriate the sum of fifteen hundred dollars for the purpose of laying a six-inch water pipe from Central street westerly on Appleton street, a distance of about fifteen hundred feet. The same to be paid for from the unexpected balance of the 1910 Water Loan, or to see what action the Town will take in the matter, agreeable to the petition of Herbert E. Dodge and others.

Voted, That the sum of ten hundred dollars, be and hereby is appropriated for the purpose of laying water pipes on Appleton street. This amount to be taken from the unexpended balance of the 1910 North Saugus Water Loan. Yeas 131, nays 19.

ART. 5. Voted down.

Voted, To reconsider the vote on Article 5.

ART. 5. To see if the Town will appropriate the sum of \$3,067.49 to reimburse the Selectmen's Incidental account for legal expenses in the cases of Dow and McCormick vs. the Town

of Saugus, or to see what action the Town will take in the matter, agreeable to the petition of Henry F. Fiske and others.

Voted, That the sum of \$2,400 be and hereby is appropriated for Selectmen's Incidentals.

ART. 6. To see if the Town will ratify the water contract with the City of Lynn, or to see what action the Town will take in the matter.

Voted, To indefinitely postpone.

ART. 7. To see if the Town will instruct the Water Commissioners to make a contract with the City of Lynn for water supply, or to see what action the Town will take in the matter.

Voted, to indefinitely postpone.

Voted, To take up Article 10.

ART. 10. To see if the Town will vote to extend a vote of thanks to the Building Committee of the new eight-room brick schoolhouse at East Saugus, for the faithful and efficient service of its members.

Voted, That the citizens of Saugus, in Town Meeting assembled, hereby express their hearty thanks to Henry J. Mills, Charles G. Woodbridge, Frederick N. Kinney, William P. Lewis and J. Wesley Paul, the Building Committee, under whose jurisdiction the new eight-room brick schoolhouse has recently been completed at East Saugus, for the faithful and efficient service of its members, and that the Town Clerk be and he is hereby directed to officially inform said committee through its chairman, of the action taken by the Town.

At this time a letter from the President of the United States, was read by Horace H. Atherton, Jr., as follows :

{ THE WHITE HOUSE, WASHINGTON,
{ BEVERLY, MASS., Sept. 4, 1911.

HORACE H. ATHERTON, JR., Saugus, Mass. :

My Dear Mr. Atherton,—I am glad to learn of the opening of the new school building in Saugus next Wednesday, and I congratulate the community on the accomplishment of its efforts in bettering the facilities for the education of its children.

Sincerely yours,

WILLIAM H. TAFT.

Voted, at 10.40 o'clock to adjourn to Tuesday evening, September 12, 1911, at 8 o'clock P. M.

A true copy. Attest :

HENRY A. PARKER,

Town Clerk.

SAUGUS, September 12, 1911.

Adjourned Town Meeting.

Meeting called to order by the Moderator at 8 o'clock P. M.

Records of last meeting were read by the Town Clerk and approved.

ART. 8. To act on the recommendations of the Finance Committee.

Voted, To indefinitely postpone.

ART. 9. To see if the Town will vote to accept Richard street, running from Ballard street to a point opposite the new brick eight-room schoolhouse in East Saugus, a distance of approximately 500 feet, or to see what action the Town will take in the matter.

Voted, That the Town hereby accept Richard street, running from Ballard street to Dudley street, East Saugus, an approximate distance of 720 feet as shown on plan filed with the Town Clerk.

ART. 11. To see if the Town will vote to authorize the School Committee to name the new eight-room brick schoolhouse the Chestnut street school, the Essex street school and Lincoln avenue school, so-called, or to see what action the Town will take in the matter.

Voted, That the School Committee be and it is hereby authorized to select names for the new eight-room brick schoolhouse at East Saugus, the Chestnut street school, the Essex street school and the Lincoln avenue school so-called and to report at the Annual Town Meeting to be held in March, 1912, the names selected.

ART. 12. To see if the Town will vote to instruct the Selectmen to place four incandescent lights on Main street, between the residence of Isaiah Longfellow and the Wakefield line, agreeable to the petition of John H. Mitchell and others.

Voted, To refer to the Selectmen.

ART. 13. To act on report of Caucus Committee.

Voted, To accept and adopt the following : The Caucus heretofore known as the Town Caucus shall be called Citizens' Caucus. Caucus shall be held on the second Monday in February in the Town Hall. The polls shall be open at 5 P. M. and shall close at nine P. M.

The Caucus shall be held under the direction of the Caucus Committee and Town Clerk who shall also act as Clerk of said Committee.

Said Caucus Committee shall be appointed annually by the Board of Selectmen at their first meeting in October. Committee to consist of seven members, two from each precinct and the Town Clerk.

The Committee shall have full power to call and conduct said Caucus.

No citizen shall serve at any caucus wherein his name appears upon the ballot.

Any citizen desiring to become a candidate for office shall apply to the Clerk of the Caucus Committee for nomination papers.

Each nomination paper shall be properly filled out with the full name of the candidate with his residence and street and number, if any, and the office for which he is nominated. Said nomination paper shall be signed by at least ten legal voters with their name and residence with street and number, if any, same to be properly attested to by the board of Registrars.

These papers shall be filed with the Clerk of the Caucus Committee on or before five o'clock P. M., of the first Monday in February.

A fee of fifty (.50) cents shall be paid to the Clerk at the time of filing.

The Caucus Committee will meet on the first Monday in February at eight o'clock P. M., for the purpose of allowing the candidates to appear before them to draw for position on the ballot.

In case of the absence of any candidate the committee shall appoint one of their number to draw for the absentee.

ART. 14. To see if the Town will vote to accept the provisions of Section 37, of Chapter 19 of the Revised Laws of Massachusetts, or to see what action the Town will take in the matter.

Voted, To indefinitely postpone.

ART. 15. To see if the Town will accept the provisions of Sections 178, 179, 180 of Chapter 102 of the Revised Laws of Massachusetts, or to see what action the Town will take in the matter.

Voted, To accept and adopt the Sections called for under Article 15.

Art. 16. To see if the Town will choose a committee of five to be appointed by the Moderator, to ascertain the best method to adopt to prevent the breeding of Mosquitoes on the Saugus Marshes, or to see what action the Town will take in the matter.

Voted, That a committee of five be appointed by the Moderator to ascertain the best method to adopt to prevent the breeding of Mosquitoes in the Town of Saugus, and the following persons were appointed: J. Arthur Raddin, Fred Clinton Newhall, Ernest W. Homan, Frank E. Parker and Charles H. L. Kahler.

ART. 17. To see if the Town will vote to appropriate the sum of Three Hundred Dollars (\$300) to install suitable new toilet facilities in the Chestnut Street school, so-called at East Saugus, as directed by the Plumbing Inspector, the same to be spent under the direction of the School Committee, or to see action the Town will take in the matter, agreeable to the petition of Harry T. Turner and others.

Voted, That the sum of \$300 be and the same is hereby appropriated to install suitable new toilet facilities in the Chestnut Street school, so-called, at East Saugus, as directed by the Plumbing Inspector, the same to be spent under the direction of the School Committee.

Voted, at 9.30 o'clock P. M. to dissolve the meeting.

A true copy. Attest.

HENRY A. PARKER,
Town Clerk.

Caucus.

A caucus of the legal voters of the Town of Saugus, will be held at the Town Hall Tuesday evening, September 26, 1911, for the direct nomination of candidates for State Officers and the election of State and Town Committees and Delegates to State Conventions, as provided for in Chapter 550 of the acts of the Massachusetts Legislature of the year 1911.

The polls will open at six o'clock (6) P. M. and close at nine o'clock (9) P. M.

Given under our hands and Town Seal this eleventh day of September A. D., nineteen hundred and eleven.

HENRY A. PARKER,

Town Clerk.

STATE ELECTION, NOVEMBER 7, 1911.

ESSEX, SS.

To W. Charles Sellick, Constable of the Town of Saugus,

GREETING :

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the Town of Saugus, qualified to vote at elections, to meet at the several voting precincts in the Town, on Tuesday, November the seventh, A. D. 1911, at fifteen minutes before six (5.45) o'clock, A. M., then and there to bring their ballots to the Wardens for the following State Officers, all on one ballot :

Governor, Lieutenant-Governor, Secretary, Treasurer, Auditor, Attorney General, Councillor, Sixth District, Senator, Seventh Middlesex District ; Two Representatives in the General Court, Fifteenth Essex District ; County Commissioner, Essex ; Register of Deeds, Essex Southern District ; Clerk of Courts, Essex.

The Polls will open at fifteenth minutes before six (5.45) o'clock A. M., and may close at four (4) o'clock P. M., and you are hereby directed to serve this Warrant by posting attested copies at the usual places, seven days at least before the time of holding said meeting.

HEREOF FAIL NOT, and make due return of this Warrant, with your doings thereon, to the Town Clerk at the time and place of said meeting.

Given under our hands and Town Seal this sixteenth day of October, A. D. nineteen hundred and eleven.

JOHN H. PARKER,
GEORGE QUARMBY,
HENRY F. FISKE,

Selectmen of Saugus.

COMMONWEALTH OF MASSACHUSETTS.

ESSEX, ss.

SAUGUS, November 7, 1911.

Pursuant hereunto I have served this Warrant as within directed.

W. CHARLES SELICK,

Constable.

Governor.

Report of the Finance Committee.

To the Citizens of the Town of Saugus:

The Finance Committee hereby submit to you their report of its recommendations upon the articles calling for an appropriation in the year nineteen hundred and eleven also our estimate for the department appropriation for the year nineteen hundred and twelve.

In our consideration of these estimates we found ourselves confronted by the high levy of 1911 which we realized must be materially reduced in 1912.

That there is only one city or town in the commonwealth with a higher tax rate than ours makes it imperative that we must lower our expenditures.

The table below, which is substantially correct, shows the makeup of our tax rate of 1911:

	Rate per 1,000
Necessary fixed charges . . .	\$6 72
Special appropriations . . .	2 75
Department appropriations . . .	15 63
Overlay	50
Total	\$25 60

The item of necessary fixed charges will be about this rate for some time to come as most of it arises from State, County and Metropolitan tax levied according to valuation.

The item of overlay will not decrease as it no more than now takes care of the abatements.

The item of Special Appropriations if decreased one-half would still leave us with a tax rate of over \$24, hence you can readily observe that any material reduction must occur in the item of Department Appropriation.

This narrows down to this important question: "Which is the more detrimental to the Town of Saugus, the high tax rate of (\$25.60) or the possible slight drop in the efficiency of your several departments, if you appropriate less money for their use?"

Your Finance Committee have given this matter careful consideration and are of the unanimous opinion "That the Tax Rate must be reduced and the only way it can be reduced is by cutting the department appropriation down to a basis of those of 1910.

It is not the purpose of this Committee in any way to interfere with the several departments only so far as recommending to the citizens at Town Meeting the amount of the appropriation for the use of the department.

We shall endeavor in every way to agree with each department and whether we do or not the question is in the hands of the voters - of the Town at the Annual Meeting. We shall consider it our duty to present the various appropriations before the voters so that they can vote on them with the utmost intelligence and to that purpose we shall recommend the separating of some appropriation into two or more appropriations.

The item of Selectmen's Incidentals we shall recommend and present to you as follows:

Selectmen's Incidentals, Election and Registration, care of Town Hall, Printing and Stationery and Tax Titles.

Taking the matter of Selectmen's Incidentals the other four items are charges from sources outside of the Selectmen's creation and must be met.

Selectmen's Incidentals.

As we have divided this item into other accounts, we consider \$1,200 sufficient for a true incidental account.

Care of the Town Hall.

We estimate this amount as \$1,400.

Election and Registration.

We estimate this amount as \$1,200.

Tax Titles.

The expense on Tax Titles sold to the Town is an uncertain amount but an expense that must be paid. We estimate \$1,000 for same.

Printing and Stationery.

We estimate \$1,200 for this purpose.

Highway and Bridges.

As we make a separate appropriation for the care of snow we consider that \$3,000 with the Street Railway and Excise Tax estimated \$6,500 making a total of \$9,500 would be sufficient for this purpose.

Appropriations for Highway and Bridges to be divided into Highways and Bridges and Snow Bills.

Snow Bills.

We estimate \$1,200 for the care of snow and sanding.

Schools.

Appropriations for schools to be divided into Schools, Superintendent of Schools.

Your committee recognize that the efficiency of the schools should in no way be impaired so as not to compare favorably with other towns of our valuation in the state. To our already

large appropriation your School Committee finds it necessary to open two more rooms in the New School at East Saugus. This added \$1,050 in teachers' salaries alone and with the other expenses attachable to the rooms brought this amount to \$1,600.

That this increase was a necessary one, your Committee was bound to accept and to offset we considered advisable to do away with the three coaching teachers at a salary of \$500 making a total of \$1,500.

While these Coaching Teachers may be fully warranted the fact that the majority of Towns the size of Saugus do not employ them helps us to feel that we are doing the best thing under our Town's condition.

We estimate that the sum of \$42,800 is necessary for Schools.

Superintendent of Schools.

It was the custom in this Town as late as 1908 to make a separate appropriation for Superintendent of Schools and we favor the old way as bringing the voters in closer touch as to how they are voting to expend their money.

We believe that \$1,500, is as much as this Town can afford to expend for Superintendent of Schools, but as the present rate of \$1,800 a year must be paid for six months, we are obliged to estimate \$1,680 for this appropriation.

Interest.

As this item has varied very largely from the appropriation, we have divided it as follows :

Interest on Temporary Loan	\$3,800
Interest on Water Loan	3,005
Interest on School Loan	5,155

Overseers of the Poor.

We estimate \$3,500.

Riverside Cemetery.

We estimate for maintenance \$2,000 and a further appropriation of one-half of the amount derived from the sales of lots and graves to be used for betterments.

Hydrant Service.

Under new conditions this amount must be raised to \$632.

Lockup.

As the appropriation of last year overrun \$68.00 we feel that \$400 is necessary for this department.

Assessors' Department.

We estimate the same as last year, \$1,500.

Water Department.

We estimate that \$5,000 for Water Extension seems sufficient for this year.

Board of Health.

This department is one which is increasing from State legislation, hence the expenses increase. We estimate \$2,300.

Fire Department.

From the present conditions of the Fire Department, we estimate \$3,975 for salaries and \$1,000 for general expenses.

Police Department.

We estimate for this department \$5,800.

Water and School Loans.

For Water Loan Principal	.	.	.	\$6,000.
For School Loan Principal	.	.	.	7,000.

Sinking Fund.

For Clifftondale School Loan	.	.	.	\$500
------------------------------	---	---	---	-------

Respectfully submitted for Committee by

WILLIAM H. SMALL, *Chairman.*

EDGAR E. CHAPMAN, *Secretary.*

Less omitted assessment, December, 1910	586 37	
		18,266 00
Net amount raised by taxation		\$157,438 77

Apportioned as follows :

On real estate	\$136,763 98	
On personal	14,021 22	
On polls	4,370 00	
On Gypsy Moth (Individuals)	2,283 57	
		\$157,438 77
Tax for State, County and Town purposes committed to Henry A. Parker, Tax Collector, August 1		
December 20, omitted assessment	434 56	
Total commitment		\$157,873 33
Street Railway Excise Tax		2,052 36
Tax Rate per \$1,000		25 60

In reviewing the last year's work of the Board of Assessors, it is pleasing to state that \$291,298 was added to our valuation. The uninitiated without further thought would say that this should have reduced the tax rate, but if one is not too lazy to stir the grey matter which the Creator has furnished them and look further into facts before making the assertion, he would find that the Town exceeded its appropriation over the previous year by \$27,963, and that by reason of other assessments, such as State, Highway, Metropolitan Park and County, the total levy was therefore \$168,623, or an increase of \$29,130 over the previous year. Then the man of short conclusions would find that at a rate of $2\frac{1}{4}$ per cent the Town received \$7,282.45 more by the increased value, while it increased its expenses \$29,132, leaving a net cash to be obtained from the tax payers of \$21,847 more than the previous year, or a rate of \$3.76 on a total new value of \$5,890,000 which, added to your previous year's rate of \$22.00 would give the existing rate.

The above figures which are Town records, would make it plain to an ordinary schoolboy why the tax rate this year was \$25.60 and why the Board of Assessors would recommend modification of the Town expenditures. That the high tax rate has been widely advertised to the detriment of our Town for political and selfish purposes is obvious to every law-abiding citizen and lover of the community's welfare.

Men who have no interest in the Town, but who as land speculators have been disappointed in not being able readily to make a fat haul out of their purchases, have made outcries and even objected to our printing a Town Report as being an extravagance. The work of the office increases from year to year, yet for the past four years at no larger expenditures.

The office has been put on a footing which compares very favorably with any other Town and with credit to our Town. The improvements recently made in the office were well worth all that the Selectmen expended, as it enables the Board to much better attend to its work. It is to be regretted that the present Clerk has signified her intentions to resign her position in the near future. In this we believe that the Town would meet with a regrettable loss, as she has been a very valuable fixture to the Town. The Board here wishes to extend their thanks to the Board of Selectmen and to the Tax Collector for their coöperation with the Board, and last but not least, to its critics, since the Board finds itself benefited by all and congratulated by the many representative citizens of the Town.

LEWIS J. AUSTIN,
ERNEST L. NOERA,
HORACE H. ATHERTON,

Assessors of the Town of Saugus.

Report of Chief of Police.

To the Honorable Board of Selectmen:

GENTLEMEN,—In accordance with the requirements of the Town Ordinance, I have the honor to submit my sixteenth annual report of the Police Department for the year ending December 31, 1911.

Chief of Police.

Charles O. Thompson.

Regular Police.

Captain Roland L. Mansfield, Frank W. Joy, James P. Sullivan, Clarence H. Berrett.

Special Police.

Peter A. Flaherty, William M. Penney, Timothy J. Bannon, Joseph P. Devine, Morin A. Hazel, Frank M. Symonds, Samuel C. Maddox, John P. Chesley, Justin E. Mansfield, Howard P. McAdoo, William F. Parker, George W. Parker, Nathan H. Williams, James W. Rea, Christopher C. Merrithew, Charles L. Davis, Thomas C. Sutherst, Charles F. Clark, James F. Pratt, Charles W. Sellick, Charles W. Willey, Philip Ward, Arthur G. Clark, Clifford E. Robie, John T. Stuart, George W. Jeffrey, Arthur B. Mansfield, Benjamin F. Robinson, Carl F. Koch.

Arrests.

The total number of arrests for the year 1911 was 338, of which 322, were males and 16 females.

Court Receipts.

The total amount of fines for the year 1911 was \$996.00 of which the Town of Saugus received \$679.00, Commonwealth \$190.00, County of Essex, \$12.50 M. S. P. C. A., \$117.50.

The Following are the Offences:

Assault, 18; arson, 1; abandoned children, 2; arrested for out of town officers, 1; bastardy, 1; breaking and entering, 1; breaking glass in fire alarm boxes, 1; collecting junk without a license, 5; carrying a loaded revolver, 1; cruelty to animals, 6; drunks, 99; defaults, 2; disorderly conduct, 4; Disturbance on cars, 14; evading car fares, 3; hunting without a license, 4; illegal transportation of liquor, 1; interfering with officer, 2; larceny, 24; murder, 2; malicious mischief, 3; making false statement, 1; profanity, 3; peddling without license, 5; present at game on Lord's day, 1; pasturing cow on street, 1; playing ball on street, 2; rude and disorderly, 13; riding bicycle on sidewalk, 1; running auto without light, 1; setting grass fires, 9; suspicion, 7; threat, 3; truancy, 3; trespassing, 59; track walking, 3; violation, game laws, 7; violation clam laws, 7; violation Town By-Laws, 10; violation school laws, 8; violation plumbing laws, 2; vagrant, 1; working on Lord's Day, 2.

Disposed of as Follows.

Appealed, 4; committed to Salem jail, 8; State Board of Charity, 2; defaulted, 43; discharged, 32, dismissed, 10; fined, 127; filed, 106; held for Superior Court, 5; held for Grand Jury, 5.

Miscellaneous Work.

Complaints received and investigated, 1,295; committed to Danvers asylum, 6; dead bodies removed, 4; disturbances suppressed, 79; doors found open and secured, 104; dogs killed, 120; lights furnished for dangerous places, 67; lights found burning, 97; lost children restored, 10; runaway horses stopped, 9; stray teams put up, 5; windows found open, 31; responded to fire alarms, 56; lights furnished for dangerous places in street, 27; calls for patrol wagon, 203.

Recommendation.

I would recommend that the sum of \$6,500 be appropriated for Police service for the year 1912.

Conclusion.

In submitting my report I wish to thank the Honorable Board of Selectmen for the support given me; also Judge William E. Ludden and all others who have assisted me in the performance of my duties. I desire also to tender to the officers, both regular and special, my appreciation for their loyal co-operation.

Respectfully submitted,

CHARLES O. THOMPSON,
Chief of Police.

Report of Board of Health.

The Board of Health respectfully submits its annual report for the year 1911.

The Board was organized as follows: William F. Belcher, Chairman; Tom D. Emmett, Secretary; Dr. George W. Gale, Medical Examiner and Inspector.

Regular meetings of the Board are held at the Town Hall on the first Monday of each month at 8 o'clock P. M.

Complaints of various kinds were made to the Board, and all were investigated without delay, and where any nuisance was found to exist it was promptly ordered abated, and the order was complied with in every case.

Complaints made to this Board must be made in writing, and signed by the person or persons making it. No anonymous complaints will be noticed.

We would still call the attention of all owners of real estate to the necessity of having their vaults and cesspools kept in a sanitary condition and cleaned out once a year at least as required by law. Many vaults and cesspools are used until they run out upon the ground, thereby creating a nuisance for themselves and their neighbors. We would also urge the necessity of using an iron cover to all cesspools, the same being once done is done forever, while a wooden top has to be renewed every six or seven years, besides the liability of a horse or wagon breaking through it. We would also urge upon the citizens a more thorough collection of ashes and swill, it being no more work to them to put it in a proper receptacle and have it taken away than to throw it out in the yard to rot and breed mosquitoes and flies, and to say nothing of the improved condition of their premises. We find that once a household has the same removed they do not wish to go back to the old way.

The whole number of contagious diseases reported to the Board are as follows:

Diseases.	Jan.	Feb.	Mar.	Apr.	May	June	July	Aug.	Sept.	Oct.	Nov.	Dec.	Total
Scarlet Fever	0	0	0	0	2	0	0	0	0	0	0	0	2
Diphtheria	0	0	3	1	1	0	0	0	0	1	1	1	8
Tuberculosis	2	1	3	2	2	1	0	0	0	2	0	0	13
Measles	1	2	2	4	25	6	1	0	0	0	1	0	42
Typhoid Fever	0	0	0	2	1	0	1	2	1	1	0	0	8
Chicken Pox	3	0	0	1	0	1	2	0	0	0	1	3	11
Whooping Cough	1	0	3	9	6	5	0	0	0	2	0	0	26
Ophthalmia Neonatorum	0	0	2	1	0	0	0	1	0	0	0	0	4
Cerebro Spin. Meningitis	4	0	0	0	0	0	0	0	0	0	0	0	4
Total	11	3	13	20	37	13	4	3	1	6	3	4	118

The following Undertakers were licensed to conduct the business for 1910: H. Dwight Bisbee, Cliftondale; Benjamin F. Fullerton, Saugus; Darcy & Quick, Lynn; James M. Blaisdell, Lynn; William Cullerton, Lynn; Mr. and Mrs. J. C. Spear, Everett.

There were six (6) permits granted to clean out cesspools and vaults.

There were three (3) permits to slaughter within the Town limits.

There were six (6) permits issued to citizens to keep four or more horses on their premises.

The number of premises in the Town placarded for contagious diseases was twenty-five (25).

The Board has approved 20 applications to maintain boarding houses for infants.

We regret that we were obliged to overdraw our appropriation last year but we consider this due to the increase of population and to the additional duties which have been imposed upon the local Board of Health.

We are now called upon to take charge of all contagious cases and to pay the bills which were formerly paid by the Overseers of the Poor.

[Chap. 386.]

AN ACT RELATIVE TO COMPENSATING THE COMMONWEALTH
FOR CARING FOR PERSONS INFECTED WITH DISEASES DANGEROUS
TO THE PUBLIC HEALTH.

Be it enacted as follows:

SECTION 1. Chapter two hundred and thirteen of the acts of the year nineteen hundred and two is hereby amended by striking out section one and inserting in place thereof the following:—

Section 1. Reasonable expenses incurred by the board of health of a city or town or by the Commonwealth in making the provision required by law for persons infected with smallpox or other disease dangerous to the public health shall be paid by such person or his parents if he or they be able to pay, otherwise

by the city or town in which he has a legal settlement, upon the approval of the bill by the board of health of such city or town or by the state board of charity; and such settlements shall be determined by the overseers of the poor, and by the state board of charity in cases cared for by the Commonwealth. If the person has no settlement, such expense shall be paid by the Commonwealth, upon the approval of bills therefor by the state board of charity. In all cases of persons having settlements a written notice sent within the time required in the case of aid given to paupers, shall be sent by the board of health, or by the officer or board having the powers of a board of health in the city or town where the person is sick, to the board of health, or to the officer or board having the powers of a board of health in the city or town in which such person has a settlement, who shall forthwith transmit a copy thereof to the overseers of the poor of the place of settlement. In case the person has no settlement, such notice shall be given to the state board of health, in accordance with the provisions of section fifty-two of chapter seventy-five of the Revised Laws.

SECTION 2. Section two of said chapter two hundred and thirteen is hereby amended by inserting after the word "diphtheria," in the third line, the words:—tuberculosis, dog bite requiring anti-rabic treatment, — so as to read as follows;—*Section 2.* No person for whose care and maintenance a city or town or the Commonwealth has incurred expense in consequence of smallpox, scarlet fever diphtheria, tuberculosis, dog bite requiring anti-rabic treatment, or other disease dangerous to the public health shall be deemed to be a pauper by reason of such expenditure.

SECTION 3. This act shall take effect upon its its passage.
[Approved May, 7, 1907.]

Every year we are obliged to send patients to the Lynn Contagious Hospital for medical treatment for the State and for the Town. All of these cases are charged the Board of Health of Saugus. If it is a State case we are reimbursed for two-thirds of the amount. The charge for cases of diphtheria and scarlet fever is \$15.00 a week; it generally takes six weeks for a

case of scarlet fever, and not quite so long for diphtheria, before the case is discharged from the hospital. In case of scarlet fever, it costs the town at least \$90 for each patient. We send those cases to the hospital where there are several children in the family, and where there are not proper conveniences, for treatment at home. We consider this to be for the public health and safety, and to give the patient the benefit of good treatment.

The statutes impose upon Boards of Health the duty of protecting the people from those causes and influences which may injuriously affect their health.

We have in Saugus about 1,750 children who attend school; statistics have shown the great prevalence of contagious diseases among school children. Schools are without doubt the means of spreading these diseases, from the fact that some attend school in the early stage of diphtheria, scarlet fever and other diseases. There are many diseases of childhood which are most prevalent and fatal in the early years of life—schools are without doubt the means of spreading these diseases. It is the mild and neglected cases that spread the contagion and causes epidemic; it is among this class of cases that the special attention of the Board of Health has been directed. The Board is required to investigate the premises, placard the houses, to give instructions in regard to sanitary measures and after so doing to fumigate.

There are also some suspicious cases of contagious disease, which from time to time are reported to this board for examination.

The State Board is devoting much time and money in their investigation of Tuberculosis. At this time consumption is no longer given up as hopeless, but is considered curable in the incipient stage. Not only the lungs, but the spine, brain, joints, and nearly every tissue of the body is liable to be affected with this disease.

The organism which causes this disease was discovered by a former German physician, Dr. Robert Koch, in 1882. Up to this date nobody knew what was the cause of this terrible disease.

Tuberculosis is caused by a very small germ called the tubercle bacillus; this is so small that it takes 3,000 put end to end to

make one inch. A great many of these are found in the sputum which is coughed up by the patient; if this was destroyed, consumption would soon die out, but from carelessness when one spits upon the floor or sidewalk, it becomes dry, is ground up into a fine powder and is inhaled by some one in a run down condition to receive the disease. Darkness or damp favor its growth, but direct sunlight destroys the germs.

The State is doing all in its power to prevent the spread of this disease and with co-operation of the patients the disease can be checked.

In various hospitals and sanitariums which are scattered all over our country, and especially in Massachusetts (the leader in this movement) as well as in the homes of the people, consumption is being cured.

To show the prevalence of tuberculosis it has been found that of all the people who die every year about one-seventh die from consumption. When one considers the great loss of life in this country during the four years of civil war when there were killed about one hundred and fifty thousand men, which causes one to realize the horrors of war, and yet every year in the United States there are more than one hundred and fifty thousand people destroyed by this one preventable disease, consumption. Records show that the combined sums of all those who die of typhoid fever, diphtheria, appendicitis, scarlet fever, measles and cancer does not begin to equal the number that die from consumption alone.

Sanatoriums in the Commonwealth of Massachusetts are as follows: North Reading, Lakeville, Westfield and Rutland. These are now running at their full capacity. The price of board in these institutions is \$4 a week. According to the law, this is to be paid by the patient or friends. If the patient is not able to pay, the city or town in which he has a legal settlement, will be held responsible for the patient's board, if he has no settlement in city or town, the state assumes the charge.

These cases are divided into three stages, incipient, moderately advanced, and far advanced.

As a general rule the Rutland State Sanatorium is reserved for

those patients who are citizens of the United States and who are in the incipient or favorable moderately advanced stages of the disease. This disease is doing its work silently but surely in our midst, it spares no one, neither the child, the youth or the adult.

To prevent or cure the disease, follow strictly all rules of health, live so as to keep healthy, have plenty of fresh air all the time, practice all out-door exercise, have good nutritious food, and refrain from spitting in public places.

Spitting on sidewalks, floors and platforms prohibited, Acts 1906, 165.

Nowhere in the country is the organization and study and limitation of infantile paralysis better organized than here in Massachusetts.

Infantile paralysis is considered by Doctor Lovett of Harvard Medical School not to be a new disease. He states that it was known as early as 1774 and was accurately described in 1846. It generally appears in the summer months and disappears in December. While the disease is known to be communicated by germ, the germ itself cannot be detected as it is too small to be seen by any microscope.

We would advise parents to protect their children by keeping them away from other children who are afflicted with indefinite ailments and by not allowing them to go to gatherings where disease germs might be communicated.

LAWS CONCERNING NOTIFICATION OF OPHTHALMIA NEONATORUM.

Under any circumstances cases of Ophthalmia Neonatorum must be reported immediately in accordance with Sections 49 and 50 of Chapter 75 of the Revised Laws, which provide :

[REVISED LAWS, CHAPTER 75.]

SECTION 49. A householder who knows that a person in his family or house is sick of smallpox, diphtheria, scarlet fever or any other infectious or contagious disease declared by the state board of health to be dangerous to the public health shall forthwith give notice thereof to the board of health of the city or

town in which he dwells. Upon the death, recovery or removal of such person, the householder shall disinfect to the satisfaction of the board, such rooms of his house and articles therein as, in the opinion of the board, have been exposed to infection or contagion. Should one or both eyes of an infant become inflamed, swollen and red, and show an unnatural discharge at any time within two weeks after its birth, it shall be the duty of the nurse, relative or other attendant having charge of such infant to report in writing within six hours thereafter, to the board of health of a city or town in which the parents of the infant reside, the fact that such inflammation, swelling and redness of the eyes and unnatural discharge exists. On receipt of such report, or of notice of the same symptoms given by a physician as provided by the following section, the board of health shall take such immediate action as it may deem necessary in order that blindness may be prevented. Whoever violates the provisions of this section shall be punished by a fine of not more than one hundred dollars.

SECTION 50. If a physician knows that a person whom he is called to visit is infected with smallpox, diphtheria, scarlet fever, or any other disease declared by the state board of health to be dangerous to the public health, or if one or both eyes of an infant whom or whose mother he is called to visit becomes inflamed, swollen and red, and show an unnatural discharge within two weeks after the birth of such infant, he shall immediately give notice thereof in writing over his own signature to the selectmen or board of health of the town; and if he refuses or neglects to give such notice, he shall forfeit not less than fifty nor more than two hundred dollars for each offence.

Quite recently a physician in Boston was fined \$50 who failed to report a case at the proper time. The prosecution was made by the Board of Health, which is convinced that many cases of ill health and blindness in later life may be avoided by treatment of the infant.

WILLIAM J. BELCHER, *Chairman.*

TOM D. EMMETT, *Secretary.*

GEORGE W. GALE, M. D., *Medical Inspector.*

REPORT OF

Inspector of Plumbing.

Board of Health, Saugus, Mass.:

GENTLEMEN,—In accordance with the requirements of Chapter 103, of the Revised Law of Massachusetts of the supervision of plumbing, I herewith submit my report for the year ending December 31, 1911.

The number of inspections made during the year, together with other inspections, will be found on the table herewith annexed.

Total number of inspections	465
Permits issued	157
Permits refused	7
Cesspools inspected	151
Complaints, violation of ordinance	2
Complaints, violation of ordinance investigated	2

Respectfully submitted,

THOMAS C. SUTHERST,
Plumbing Inspector.

ANNUAL REPORT OF Trustees of Public Library

FOR YEAR ENDING DECEMBER 31, 1911.

To the Honorable Board of Selectmen :

The Trustees of the Saugus Free Public Library make the following annual report :

There have been several improvements made in the interests of the Library which add to its influence.

It seemed necessary to have some toilet facilities, and the Trustees, acting in conjunction with the School Board, had toilets placed on both floors of the Library building.

The heat question has given some trouble, and unless we can get better figures from the School Board, it would be wise to install our own heating plant.

The reading rooms have been used a great deal on the evenings when the Library was open, and it is only a question of time when we will have to keep the reading room open more hours during the week.

We enclose the Librarian's report for the year, which shows that 332 new books were added during the year.

The difference in total number of volumes for year ending January 1, 1911, and January 1, 1912, is due to the fact that we have had the books carefully counted.

We would also call attention to the number of volumes loaned, which show an increased interest in the Library by the citizens of the Town.

We have received books and magazines from the following, for which we return thanks.

"The Century Magazine" and "St. Nicholas" from Mrs. Evelyn Ordway.

"Everybody's" from Mrs. Edward Pranker Parsons.

"Universalist Leader" from Young Peoples Union.

"Youths Companion" from Friends.

Also books and magazines from the following: Mr. Robert P. Porter, Sir Edward Demming-Lawrence, Mr. N. M. Hawkes, Mrs. F. C. Cheever, Mrs. Kate Foster, Mrs. E. P. Grosbeck, Miss Sybil Small and Miss E. E. Newhall.

Respectfully submitted,

L. G. HAWKES, *Chairman.*

E. J. EDMANDS,

EARL GAYLOR,

CLARA J. CALLEY,

GEORGE A. LEAROYD,

DR. E. W. HOMAN, *Secretary.*

Free Public Library, Report of Librarian.

SAUGUS, January 1, 1912.

Report of the Water Commissioners.

SAUGUS, Mass., 1911.

The Board of Water Commissioners respectfully submit the following Annual Report for the year ending December 31, 1911. By a special act of legislature in February, 1911, an authorized Board of Water Commissioners was established in the Town of Saugus, Mass. Also the previous election of Water Commissioners by the Town was ratified.

Upon the re-election of Mr. Herbert E. Dodge at the annual election in March, with the two unexpired terms of the previously elected members, Robert T. Allen, to serve for two years, and Charles Florence, for one year, constituted the new Board, which met and was organized on Monday evening, March 20, 1911, with the choice of Mr. Dodge as Chairman and Mr. Allen as Secretary for the year 1911.

The Board at once found itself with new and extended duties and at once voted to purchase without delay, six car loads of pipe and to commence laying pipe to take care of some of the many very urgent demands for water.

During the year we have laid 3,788 feet, of 4-inch, 5,805 feet of 6 inch, and 30 feet of 8-inch pipe, making a total of 9,623 feet of pipe laid at a cost of \$9,887.61 or \$1.03 per foot, including seven hydrants set, and all fittings, gates, gate boxes and connections with old cement pipe mains. Some of the latter being very difficult and expensive. Also 330 cubic yards of ledge blasted.

Our contract for water supply with the city of Lynn having expired in the month of June this year, this Board coöperating with the Board of Selectmen have endeavored to execute a new and proper contract with Lynn to continue to supply us with

water. The Lynn representatives at first wanted a better contract for Lynn than the old one, in which they rebated Saugus with 50 per cent of the revenue collected from our citizens for water, and would only consider rebating us 40 per cent for a new contract while we jointly, Selectmen and Water Commissioners, held out for 60 per cent rebate to Saugus. This of course made a wide difference between us and the city of Lynn.

Finally after many joint conferences of our own Boards and again with the Lynn City Council, it was compromised and agreed by both parties to a rebate of 50 per cent as per the old contract, but Lynn wanted more money for installing the service pipes from the mains in the streets to the houses or buildings, than they were getting under the old contract, and this was decided we would lay and maintain all services within the Town by our own Board as it was charged to the owners of the property in either case.

The new contract, although practically completed, to date, has not been signed, but probably will be very soon.

The 50 per cent rebate received from Lynn since March 1st, 1911, is \$4,394.93.

In accordance with the by-laws of the Town, and after careful consideration, our Chairman appeared before the Finance Committee and recommended a loan of \$5,000.00 for the extension of the system for the year 1912.

Respectfully submitted,

HERBERT E. DODGE,
ROBERT T. ALLEN,
CHARLES FLORENCE,

Water Commissioners.

February 5, 1912.

SUPERINTENDENT'S REPORT.

Report of the Superintendent of Streets.

SAUGUS, MASS., Feb. 7, 1912.

To the Board of Selectmen:

GENTLEMEN,—I herein submit my Annual Report for the year ending December 31, 1911. Being about six weeks late in receiving my appointment I was unable to do quite as much work as I should have liked. I have tried to give the Town as good service as possible and have spent the money where I thought it most needed. I found that the main streets were in very poor condition and was obliged to give them more attention than the streets where the travel was lighter but have done what I could on these. With about twenty miles of streets and considering the amount appropriated to take care of them it is impossible to give all the attention they should have but by doing what we can and doing that thoroughly they can soon be put into good shape. The more important work done this year has been the grading of Central street from Parker to Walnut; Winter street from Central to Chestnut and part of Lincoln avenue. Considerable work is needed in Oaklandvale and North Saugus but owing to the cutting of the Railroad Tax of \$1,100 I was unable to carry out the work. Would recommend that these sections be attended to another year. Also Walnut street from Lynn line to head of Birch brook and Central street to Felton School from the Centre.

Thanking the Board of Selectmen for their coöperation in the work of this department, I remain,

Respectfully submitted,

DANIEL A. PARKER,

Superintendent of Streets.

Tree Warden's Report.

To the Citizens of the Town of Saugus:

I hereby submit to you my annual report of the year ending December, 1911. I have had to take down five large elm trees that were killed by Elm Leaf Beetle; four maple trees which died from some fungus. I have trimmed the trees in good shape on Jackson street, Myrtle street, Whitney street, Laurel street, Avon street and Bristow street, and several other streets where the trees needed trimming. I should recommend the sum of two hundred dollars for taking care of the Town trees this year.

I submit to you the number of trees I sprayed for Elm Leaf Beetle, which numbered seven hundred and thirteen, at an average cost of 51 4-7 cents per tree. Some of the trees had to be sprayed the second time on account of the heavy rain which came on before the poison was dry on the leaves. If it had not been for this the cost would have been less than 50 cents per tree. I would recommend the sum of three hundred and seventy-five dollars for spraying for Elm Leaf Beetle the present year.

Respectfully submitted,

T. E. BERRETT,

Tree Warden.

Report of Inspector of Buildings.

To the Honorable Board of Selectmen:

GENTLEMEN,—I herewith submit my Annual Report to date.

\$274,177 00

Respectfully submitted,

DANIEL B. WILLIS,

Inspector of Buildings.

SAUGUS, January 1, 1912.

Report of Cemetery Commissioners.

We herewith submit for your consideration, the report of the Superintendent which is hereby made, our report of the condition of the Cemetery Department.

HORACE H. ATHERTON,
JOSEPH E. MEACOM,
WILLIAM E. LUDDEN,

Cemetery Commissioners.

To the Cemetery Commissioners:

GENTLEMEN,—The appropriation for 1911 was \$2,500, the cost of building the wall at the blind-entrance was \$80, leaving \$2,420 to be used in the Cemetery.

The amount received was \$2,890.20 and the difference between the outstanding bills of 1910 and 1911 is \$161.35; this should be added to the receipts, because that work was done in 1911, making a total of \$3,051.55. Deducting \$606.95 for lots sold, leaves \$2,444.60, which is \$24.60 in excess of the appropriation balance of \$2,420.

There are outstanding bills amounting to \$23, leaving a profit balance of \$1.60 plus. \$248, balance of appropriation not spent; which means that the Cemetery was self-supporting in 1911; and I think this is the first time it ever has been. While money received for lots sold is deducted from the receipts, the money received for single graves is not deducted, because the land could not be used until it was filled, and, because over \$400 of the appropriation for 1911 was spent in filling this section, the Cemetery should profit by the sale of these graves, instead of the Town.

Yours respectfully,

CHARLES L. DAVIS,

Superintendent.

Report of Superintendent of Cemetery for 1911.

Report of Cattle and Milk Inspector.

I have inspected the following number of slaughtered animals :

Calves	.	.	.	.	.	.	26
Hogs	.	.	.	.	.	.	142
Sheep	.	.	.	.	.	.	2
Total	.	.	.	.	.	.	170

All were healthy.

In making the annual inspection, I inspected the following :

Cattle	.	.	.	.	.	.	831
Hogs	.	.	.	.	.	.	275
Goats	.	.	.	.	.	.	4
Total	.	.	.	.	.	.	1,110

All appeared healthy upon physical examination.

I quarantined one glandered horse which was disposed of by rendering.

I have delivered 26 milk licenses.

Respectfully,

A. W. SAWYER.

Report of Chief Engineer.

To the Honorable Board of Selectmen:

I respectfully submit to you the Annual Report of the Saugus Fire Department. The department consists of four engineers, the Chief also being Superintendent of the Fire Alarm System, twenty call firemen besides the Chief and Chemical Chauffeur who are permanent men.

Apparatus.

The apparatus consists of one automobile combination kit, one hook and ladder truck, three hose wagons.

The apparatus is in good shape generally speaking with the exception of the hook and ladder which was stated in last year's report is in very bad condition. I would advise that this apparatus be thoroughly overhauled and new ladders bought as they are creaky and old and unfit for use. The wheels are in pretty good condition, not being old, and the running gears can be put in good condition with little expense. If this is done it will be of service for quite a number of years to come and will be much better for a residential town like Saugus when its long runs and steep grades are considered than a heavier truck.

Hose.

The hose in use is in medium condition, about half is practically new hose, while some of it is not worth much as it takes practically all we have to load our apparatus. I would advise the purchase of one thousand feet in order to give us a change for our chemical, so as not to be obliged to load with motor soaked hose as it only mildues and rots quickly when so packed on the apparatus.

Fire Alarms.

The fire alarm is in good condition considering the length of time some of it has been up. The East Saugus loop being nearly five miles long, has been rewired this year with No. 9 3-ply insulated wire being in most cases placed on new cross arms or brackets, also between Saugus Centre and East Saugus on new poles on the opposite side of Winter street and also on Lincoln avenue nearly all the way changed to the top of the telephone polls on the opposite of the street.

At East Saugus it has been moved somewhat to avoid trees and and other wires. One wire over the old turnpike and on Main, Central and Elm streets, has been dispensed with, and a new wire placed on the new electric light poles from Hawkes corner to Elm street and Walnut street this is also a No. 9 insulated wire placed on iron brackets. There is about 20 miles of wire remaining and most of this should be re-wired. The whole system will have to be trimmed this year, as it is badly grounded and cannot be depended on unless this is done, the North Saugus loop is working through a relay which of course overcomes this trouble to a certain extent.

Considerable old wire is still hanging and should be taken down as soon as possible.

Buildings.

The central Fire House is not in the best of condition. It will have to be resingled this year, the ceilings on the first floor need repairing and the main floor should be built up and numerous other small repairs.

Heating Plant.

The old hot air furnace is practically of no use and will have to be replaced this year. I would advise a hot water or steam plant on account of the automobile apparatus.

Yours very respectfully.

CLAYTON W. REES,

Chief.

Fire Alarms.

Jan. 5. Box 126-126, 5.04 P. M. Two and one-half story dwelling on 45 Whitney street, owned by William Mackey. Total loss, \$2,283.90. Total insurance paid \$2,119.91.

Apr. 28. Box 32, 10.45 A. M. Hesper street. Woods fire.

Apr. 28. Box 43, 12.20 A. M. Fairmount avenue. Woods fire.

Apr. 28. Box 21, 1.15 P. M. Lincoln avenue. Fence.

May 4. Box 24, 1.15 A. M. Stone street. Brush fire.

May 6. Box 27-27, 3 A. M. Stable on Seagirt avenue, owned by John Harritos. Total loss, \$550. Total insurance paid \$275.

May 6. Box 13, 7.30 P. M. Main street and Wakefield line. Woods fire.

May 7. Box 15, 4.45 P. M. Small shed and platform, owned by Birch Brook Gun Club. Total loss \$25.

May 8. Box 37, 11.15 A. M. Central and Denver streets. Woods fire.

May 8. Box 15, 1 P. M.. Central and Elm. Woods fire.

May 8. Box 15, 4 P. M. Off Elm street. One story building Gun Club, owned by Birch Brook Gun Club. Total loss, \$100. No insurance.

May 12. Box 15, 11.45 A. M. Elm street. Brush fire.

May 16. Box 25, 4.17 P. M. Stone street. Brush fire.

May 18. Box 24, 1.23 P. M. False alarm.

May 20. Box 37, 12.20 A. M. False alarm.

June 12. Box 127, 2.55 P. M. 24 Jackson street. Two story dwelling, owned by W. H. Butler. Total loss, \$2,032.68. Insurance paid, \$2,032.68.

July 4. Box 26, 10.30 P. M. Lincoln and Sunnyside. Brush.

July 5. Box 23, 12.00 P. M. Two story dwelling, 5 Cliff street, owned by Edward Pierce. Total damage, \$49. Insurance paid, \$49.

July 6. Box 26, 1.35 P. M. Lincoln avenue and Sunnyside. Brush fire.

July 19. Box 36, 2 P. M. One and one-half story dwelling at 10 Chestnut street, owned by George Rabbleslia. In lawyers hands for settlement of claims.

Aug. 12. Box 23, 10.45 A. M. Two story dwelling, at 24 Laurel street, owned by J. W. Bedford. Still in hands of attorney for settlement of claims.

Aug. 13. Box 37, 11.10 A. M. One and one-half story dwelling owned by Frederic Harnden. Corner Denver and Central streets. Total loss, \$5.00. Total insurance paid, \$5.00.

Sept. 21. Still alarm. Two story dwelling at 32 Lincoln avenue, owned by W. B. Jones. Total loss, \$3.70. Total insurance paid, \$3.70.

Oct. 1. Box 125, 7.09 A. M. Gate house. Corner Essex and B. & M. R. R. Total loss, \$15.00. No insurance.

Oct. 14. Box 35, 1.30 A. M. Brick kiln, owned by Frederick Stocker. Total loss, \$600. No insurance.

Oct. 18. Box 46, 12.30 A. M. One story camp, off Central street near Birchwood avenue, owned by Frederic Stocker. Loss on building and contents, \$500. No insurance.

Nov. 7. Box 213, 5.30 P. M. Two story dwelling, 132 Ballard street, owned by Herbert Newhall. Total loss, \$10.

Nov. 24. Box 27, 7.40 A. M. False alarm.

Nov. 25. Box 45, 6.40 A. M. Barn on Main street, owned by Conrad Berthold. Total loss, \$1,385. Insurance paid, \$500.

Nov. 28. Still alarm. 1.45 P. M. Garage and automobiles. On Main street opposite Oakdale farm, owned by William Webster. Total loss, \$1,750. Total insurance paid, \$1,650.

Nov. 30. Box 125, 10.45 A. M. Johnson Hill. Brush fire.

Dec. 2. Box 27-27, 9.05 P. M. One and one-half story dwelling, owned by William Wood. Total loss, \$900. Insurance paid, \$705.26.

Dec. 9. Box 41, 5.25 P. M. Automobile, owned by M. H. Connell.

Dec. 28. Box 23, 10.40 P. M. Grass fire. Corner Lincoln and Laurel streets.

Inventory of Property Fire Department.

COMBINATION ONE.—3 rubber coats, 9 canvas coats, 3 officers coats, 9 pairs mittens, 2 pairs canvas trousers, 2 lanterns, 2 side lights, 2 head lights, 1 search light, 1 prestolite tank, 1 locomotive bell, 1 Claxton horn, 1 auto horn, 2 hand chemicals, 1 speedmotor, cyclometer and clock combined, 300 feet chemical hose, 1,100 feet $2\frac{1}{2}$ -in. hose, 3 hose pipes, 2 gate valves, 2 hydrant wrenches, 2 hose menders, 1 jack screw, 6 wrenches, 9 hose lighters, 3 belts, 6 spanners, 1 chemical hose nozzle (2 tips), 2 plaster hooks, 2 crow bars, 1 door opener.

CHEMICAL.—2 30-foot extension ladders, 1 10-foot extension ladder, 1 17-foot roof ladder, 2 oil cans, 1 funnel, 1 gasolene funnel, 1 can Albany grease, 2 ladder dogs. 1 Repair kit, viz: 1 socket wrench, 2 open end wrenches, 1 pair gas pliers, 1 cold chisel, 2 screw drivers, 1 hammer, 1 punch, 1 cotter pin puller, 1 spanner, 2 axes, 1 life net, 1 life gun, 4 tire chains, 3 compressed air tanks, 2 pair gauntlet gloves, 3 pair rubber gloves, 1 jimmy, 1 quick hitch coupling.

HOOK AND LADDER NO. 1.—1 ladder truck, 1 pair double harness, 1 pair horse blankets, 1 canvas coat, 1 pair mittens, 2 lanterns, 2 hand extinguishers, 1 45-ft. extension ladder, 1 25-ft. roof ladder, 1 20-ft. roof ladder, 1 25-ft. body ladder, 1 20-ft. body ladder, 1 18-ft. extension ladder, 2 sledges and picks, 2 axes, 1 pull down hook chain and pole, 1 crowbar, 1 whip, 6 water cans.

HOSE NO. 3.—1 hose wagon, 1 set double harness, 1,000 feet $2\frac{1}{2}$ -in. fire hose, 1 ax, 1 plaster hook, 2 lanterns, 12 spanners, 2 gate valves, 2 hydrant wrenches, 8 hose lighters, 1 life net, 2 hose pipes, 3 extinguishers, 1 crowbar, 1 45-foot extension ladder, 1 18-ft. extension ladder, 1 18-ft. roof ladder, 2 horse blankets, 12 chairs, 2 stoves, 1 rubber coat, 5 canvas coats, 1 wagon jack, 2 water pails, 1 broom. .

HOSE No. 2 — 1 hose wagon, 1 set double harness, 2 horse blankets, 1 crowbar, 1 plaster hook, 1 axe, 2 chemicals, 7 canvass coats, 7 pairs mittens, 1 chief's rubber coat, 2 gate valves, 2 hydrant wrenches, 2 hose pipes, 2 lanterns, 1 spray nozzle, 1 monkey wrench, 6 spanners, 1 wagon jack, 1 hose winder, 1 life net, 1 25 foot roof ladder, 7 chairs, 2 stoves, 2 cots, 1 step ladder, 5 gallon oil can, 1 pair shafts.

LINESMEN'S TOOLS.—1 wire reel, 1 blow torch, 2 pairs spurs, 3 pairs pliers, 1 pair connectors, 1 linesman's belt, 1 pair come-alongs, 1 strap and vice, 2 hand lines, 2 iron bars, 1 chisel, 2 wrenches, 1 hand axe, 2 red flags, 1 bit brace, 9 bits.

CENTRAL HOSE HOUSE.—15 chairs, 2 clocks, 1 wagon jack, 1 bag salt, 5 gallons engine oil, 1 rake, 2 hoes, 3 brooms, 1 30-ft. extension ladder, 1 30-ft. ladder, 1 12-ft. ladder, 1 coal scuttle, 15 lbs. soda, 2 sponges, 1 5-gallon oil can, 1 pour can, 2 quarts harness oil, 2 quarts metal polish, 1 box wagon grease, 2 wagon wrenches, 2 snow shovels, $\frac{1}{2}$ bbl. insulators, $\frac{1}{4}$ mile insulated line wire, 25 2-pin cross arms, 1 fire shovel, 1 coal scoop, 2 pairs wagon shafts, 2 ladder pikes, 1 horse collar, 2 horse collar pads.

HOSE No. 1 — 1 hose wagon, 1 set double harness, 1 pair blankets, 2 hand chemicals, 2 lanterns, 1 tail light, 3 hose pipes, 1 locomotive bell, 1 crow bar, 1 plaster hook, 1 axe, 2 hydrant wrenches, 5 hose lighters, 300 feet hose, 1 canvass wagon cover, 3 acid bottles, 9 lbs. soda, 1 whip.

CENTRAL ENGINE HOUSE.—2 iron beds, 2 sets springs, 2 mattresses, 4 puffs, 3 pillows, 6 sheets, 4 pillow cases, 2 pairs blankets, 2 canes, 1 stove, 5 hand chemicals, 3 lanterns, 1 gallon electrolite, 2 buckboards, 2 blackboards, 25 lbs. iron chain, 25 lbs. cotton waste, 33 quick hitch couplings, 25 hose spanners, 5 packages dead solution compound, 3 framed pictures, 1 brass bell and ringer, 1 magnetic ringer, 6 lantern globes, 1 American flag.

Amount due from State and Town	393 75
Net total expense	\$2,822 85

Owing to the loss of one of our horses and a small hay crop, the decrease of the personal property was \$432.85, valuation of personal property Town Home, \$7,719.65, total number partially supported during the year, 68; fully supported in the Home, 8; in private families, 6; in Hospital at Tewksbury, 1.

The Overseers, in submitting their annual report are pleased to say that their department is in a very satisfactory condition. The Home was inspected by the State Inspector during the month of January and he reported that our Home was the most homelike in the State, and all inmates were well cared for. Our Warden, Mr. Karl Koch, and Matron, Mrs. Koch, have proved very efficient, and both the farm and Home have been well managed, our farm showing a gain over any previous year. In closing, we recommend the sum of \$3,500.00 for the ensuing year.

Respectfully submitted,

GEORGE H. AMES,
CHARLES W. BAILEY,
ARTHUR C. CLARK.

Worcester, Edgar L. 1 92		

Have collected since January 1, 1912, not included in the above list \$14,168.76, leaving uncollected \$55,350 85.

HENRY A. PARKER,

Tax Collector for 1909, 1910 and 1911.

ANNUAL REPORT
OF THE
SCHOOL COMMITTEE
AND
Superintendent of Schools
OF THE
TOWN OF SAUGUS

FOR THE YEAR ENDING DECEMBER 31, 1911

LYNN, MASS.
FRANK S. WHITTEN, PRINTER

1912

SCHOOL COMMITTEE.

HARRY T. TURNER, *Chairman* . Term expires 1913
JOSEPH L. McCULLOUGH, *Secretary*, Term expires 1914
HORACE H. ATHERTON, JR. . Term expires 1912

Bills must be presented not later than 5 P. M. of the date they are to be considered by the Committee.

Assignment of Schools.

To Mr. Turner — Felton, Lincoln, Clifftondale, Armitage, Emerson.

To Mr. McCullough — High, Roby, North Saugus, Lynnhurst, Oaklandvale.

To Mr. Atherton — Ballard, Mansfield.

SUPERINTENDENT OF SCHOOLS.

WILLIAM F. SIMS.

Office in Town Hall.

Office Hours : 4 to 5 P. M on Monday, Tuesday, Thursday.

8 to 9 A. M. on Monday, Tuesday, Thursday,
Friday.

8.30 to 9 A. M. Wednesday at Clifftondale
Brick School.

Residence, 15 Emory Street.

SCHOOL CALENDAR.

Fall term (16 weeks), September 6—December 22, 1911.
Thanksgiving recess, 2 days.

Winter term (8 weeks), January 2—February 23, 1912.

Spring term (8 weeks), March 4—April 26, 1912.

Summer term (7 weeks), May 6—June 21, 1912.

Grammar School graduation Friday, June 21, 1912.

High School graduation Tuesday, June 25, 1912.

NO SCHOOL SIGNAL.

2-2—2-2 on the fire alarm.

7.45 A. M. means that the High School session for that day will begin at 9 o'clock.

8.15 A. M., means no morning session in any school whether the previous signal was given or not.

11.30 A. M. or 12.45 P. M., no afternoon sessions.

FINANCIAL STATEMENT.

Report of the School Committee.

In making the annual report of the School Committee the Committee has reason to believe that the school work for the year 1911 has been well and properly done. Although the annual appropriation of \$44,000 was the largest appropriation yet made by the Town for school maintenance the Committee feels that every cent of this amount has been spent to the best possible advantage and no waste or unnecessary expense has been allowed. This fact shows plainly for itself when we find that the Saugus schools have been conducted this year at a per capita saving of fifty cents per pupil over the per capita cost of last year.

Opening of Schools.

The schools opened in good form on September 6, with every teacher present, and work was begun at once. Less trouble was experienced this year in finding room for the pupils due to the fact that the new Ballard School at East Saugus afforded an opportunity for taking care to a certain extent of the overcrowded schools in Cliftdale. By opening this school this year the Town has saved an expense of \$80 per month formerly paid for rent of two rooms in the Masonic Building at East Saugus with the additional benefit derived of affording far better school accommodations for the pupils. In the Ballard School the Committee believes that the Town has an excellent school from a practical point of view. School buildings from now on should be built of brick and large enough to accommodate all the eight grades. This kind of a school makes a school center and pupils do not have to change schools during their eight year course in order to find their grade. Cliftdale should have just such a building. There is no school center in Cliftdale. The largest

school being the Felton school of six rooms. This school has to supply such a large area that only six grades can be formed in the building thereby making it necessary for children to pass the school to find their grade in another building. This is something that can not be remedied unless a central school can be built with eight rooms affording opportunities for all grades. This would relieve the congestion in the other schools so that through combining two small grades in some of the rooms, school facilities would be supplied nearer to the children's homes. Combining two grades in one room does not make for perfection in education but it would relieve the trouble now prevalent in long walks to schools and past other schools for the children to find their grades.

The Cliftondale school population is growing about one room per year. At present the Cliftondale schools can not accommodate all the pupils residing in Cliftondale so that the Committee finds it necessary to transport the surplus to the Ballard School. The increase in school population in Cliftondale and East Saugus will necessitate the opening of two more rooms in the Ballard School, our only building having any unoccupied rooms.

Teachers.

Although each year brings various changes in the teaching corps the number leaving us this year has been fewer than usual. On account of this fact the work of the schools has been of a better quality. But as one extreme usually follows the other we fear almost to a degree of expectancy that the changes will be many next year. The reason for these many changes is the fact that on account of our close proximity to Lynn, Malden, Everett, Somerville and Boston, the school officials in those cities find it easy to select some of our teachers for more remunerative salaries than Saugus can offer. To overcome this, we would be obliged to pay our teachers larger salaries. But it can not be expected that Saugus can compete with Lynn, Malden, Everett, Somerville and Boston in this respect. Therefore, Saugus can not expect to reach immunity from this trouble. Although the

burden of the school expense is heavy and the amount paid the teaching force in a gross amount seems large, it really is not, for individually, Saugus is paying less for teachers than many other towns of much smaller population.

The Oaklandvale School.

For a long time it has been apparent to the Committee that the Oaklandvale School should be closed and the pupils sent to the Roby School where they would receive the benefits of a graded school. The Committee feeling that the pupils could receive a much better education and under better sanitary conditions and at a saving to the Town, therefore stated in its last report that unless some objection was raised from some considerable number of parents of children attending this school by August 1, 1911, the Committee would feel entitled to assume that the proposed changes would meet with the general approval at Oaklandvale. No objection was received by August 1, therefore the Committee voted to close the school. On September 1, the Committee received a petition signed by several residents of Oaklandvale asking that the school be kept open. A hearing was granted to the petitioners who had an opportunity to state fully their reasons and represented that quite a number of children would attend that school this year. The Committee feeling that the schools are for the public and that the residents of Oaklandvale constitute a part of the public and are paying their share for the maintenance of the schools, voted to reopen the school. The Committee however, felt disappointed after the school was opened to find that only eleven pupils were enrolled and that the year closed with a membership of only thirteen. Several of the families who objected to closing the school evidently thought later that the Committee was right and sent their children to the Roby School.

The Higher Entrance Age.

The Committee is confident that the right thing was done in changing the entrance age of pupils from five to six years. The principal reason for this is that the child is much stronger

physically and mentally to take up the school duties at six years of age, and it has been clearly demonstrated that the children who enter school at six years of age have made better progress than those who entered at five.

Armitage School.

During the summer of 1911 a modern heating and ventilating plant was installed at the Armitage school, taking the place of the old antiquated system of heating by jacketed stoves with little or no ventilation. The Town voted the sum of \$1,250 for this work and the Committee feel pleased to be able to return to the Town treasury the sum of \$113, the work having been done for \$1,137.

Coal Supply.

The Committee called for bids for the supply of coal this year as usual. Only two bids were received, that of the Lynn Coal Company and the other of the People's Coal Company also of Lynn, the local bidders apparently not caring to bid. The contract for furnishing the coal was awarded to the Lynn Coal Company, it being the lowest bidder. The bidders and their bids are as follows :

	Lynn Coal Co.	People's Coal Co.
Georges Creek . . .	\$3 90	\$4 25
Lackawana egg . . .	5 65	6 75
Lackawana broken . . .	5 40	6 25
Lackawana stove . . .	5 68	7 00
Lackawana nut . . .	5 65	7 00

The usual method of the Committee for the inspection of the coal was followed this year thus insuring correct weight. The quality of Lackawana coal is excellent. To guarantee the quality of the Georges Creek the coal company is obliged to furnish us with the bill of lading showing the coal to be genuine Georges Creek coal. Bills for coal are only approved after comparing exactly with the inspector's record of weight and the

janitor's record of its delivery. The coal company also furnishes a bond with two sureties for the faithful performance of their contract.

Schools Named.

At the last annual Town Meeting, your School Committee was instructed to select what, in its opinion, would be more suitable names for the new brick and Chestnut Street Schools at East Saugus, as well as for the Old Lincoln Avenue and Essex Street Schools at Cliftondale, and report back to the Town. The Committee gave the subject its best thought and attention, with the result that it recommends the new brick school be officially named the Ballard School for the earliest settlers of that part of Saugus where this school is located; the Chestnut Street School the Eliza A. Mansfield School, in honor of the late Eliza A. Mansfield, who taught in this building or its predecessor for over 50 years; the Old Lincoln Avenue School the Abraham Lincoln School in honor of the martyred President of that name; and the Essex Street School the Laura F. Armitage School in honor of the late Laura F. Armitage, who taught a great many years in this building.

The Committee feels that naming schools of the Town after faithful and efficient teachers who have devoted almost their entire lives to instructing and guiding the young is an excellent plan and needs no argument in its favor. Neither does it think it necessary to say that no more appropriate name could be found for one of our schools than the Abraham Lincoln School, thus perpetuating the name of one of the world's greatest men who sprang from the loins of the people.

The new brick schoolhouse at East Saugus is located on the original Ballard farm, and the name of Ballard School will honor a name now extinct in Saugus, and prove a fitting tribute to one of the oldtime families whose members were generous and kindly to all. William Ballard was one of the very first citizens of Saugus. He was a farmer and received sixty acres in the allotment of lands in 1638. He was also admitted a freeman the same year. His farm consisted of what is now the entire

village of East Saugus. His two sons, John and Nathaniel, divided the farm in 1697. About 1725 a town way was laid out by the Selectmen through the farm from the old Boston road so-called (now Lincoln avenue) to the lower landing, as it was then known. The street is now Ballard street, from which the new schoolhouse is easily reached.

After almost a hundred years of alienation from the Ballard family, one-half of this farm was bought back by William Ballard: the other half continued in possession of the Norwood heirs until about 1800, when this was bought by John Ballard, Esq., of Boston, who then became the owner of the entire farm. In 1802, he built a new hotel a few rods south of the old Landlord Newhall Tavern, not far from the site of the present new schoolhouse, and from 1815 to 1822 he made this house his residence. During subsequent years the farm was partly cut up into house lots and sold, making the present village of East Saugus. The early Ballards, as well as their descendants, were always keenly interested in educational and religious matters in Saugus, and, under all the circumstances, your Committee feels that no more fitting name than the Ballard School can be found for our latest and thoroughly modern acquisition in the way of a school building. It therefore has the honor to respectfully recommend that its action in naming the Eliza A. Mansfield, Laura F. Armitage, Abraham Lincoln, and Ballard Schools be approved, and requests that hereafter the said schools be officially known under those several designations.

Respectfully submitted,

HARRY T. TURNER,
JOSEPH L. McCULLOUGH,
HORACE H. ATHERTON, JR.

Report of Superintendent of Schools.

To the School Committee of the Town of Saugus:

The Nineteenth Annual Report of the Superintendent of Schools is herewith presented. It includes the usual reports, tables and statistics.

School Work.

There is no difference of opinion in regard to the essential work to be done in the public school. Our children must be taught reading, writing and arithmetic. Failing in this, the public school can have little excuse for its being. But reading, writing and ciphering do not constitute the end of public school work. They are simply the means for the accomplishment of a much greater end. If we had nothing else to do than teach the three traditional R's, we might easily cut off six years from our public school course without seriously curtailing the proficiency of our product in these particulars. Our pupils would then enter school at seven years of age and leave at fourteen equipped with a fairly good training in the elementary branches of knowledge. Be that as it may, the academic work of our schools compares favorably with that done elsewhere. We go to our colleges and other institutions of learning, to the workshop and the store to find that our pupils are not distinguished by a greatly inferior training in academic school work.

Courses of Study.

New courses of study in language, geography and history are being used this year. As a result of this we are looking for an improvement in our work in these branches, especially in

language. To awaken thought is the most difficult task of the public school. To get the best expression of that awakened thought is hardly less difficult. The maturity of the individual pupil has much to do with both.

Age of Entrance.

In accordance with a previous vote of the Committee no pupil was to be admitted to school last September who would not be six years of age before January 1, 1912. On account of that our cost of maintenance for the present year is at least one thousand dollars less. It also means a very material gain in physical strength and mental development for the pupils. Next September we shall probably need to maintain two more first grade rooms than we have now.

In this connection it is well to note that the average age of the pupils in the first grade failing of promotion last June was six months below the average of those promoted in the same grade. A similar condition may be found also in preceding years. This fact is mentioned in justification of your act of raising the age of entrance.

Manual Training.

Aside from the construction work done under the direction of the Supervisor of Drawing our manual training work consists of bench work for boys and sewing for girls in grades eight and nine one hour per week. Pupils from the high school are permitted to take similar work at the same time as our regular classes if we have room for them. With an added appropriation of two hundred dollars we could double the time now given to the eighth and ninth grades for this work. This increased time for manual training is needed in order that we may get the full benefit of our outlay so far for this work. While the work now done is commendable in view of the short time devoted to it, yet it lacks the precision and finish that characterizes the work found in places giving more time to the subject.

Manual Training Schedule.

Mondays in Old Town Hall.

8.45—10. A Division of Grade IX.

10—11. Roby School, Grade VIII.

12—1.15. B Division of Grade IX.

1.30—2.30. Felton School, Grade VIII.

2.30—3.30. Ballard and North Saugus Schools, Grade VIII.
Sewing for the girls at the schools according to above schedule.

School Exhibit.

Three hundred fifty-one pupils in Saugus were given four potatoes each last spring by the Massachusetts Agricultural College. Seventy-eight of these pupils exhibited the crop raised from their potatoes on the afternoon and evening of September 15, 1911 in the High School Assembly Hall.

First prizes of one dollar each were offered for the best peck of potatoes, for the best plate of seven potatoes, and for the least number weighing fifteen pounds. Ten second prizes of fifty cents each were offered in each of the three foregoing classes.

The first prize winners were Marie Skehan for the best peck, Constance Obear for the best plate of seven potatoes; Alice Penny for the least number weighing fifteen pounds.

The second prize winners for the best peck of potatoes were Miriam Metcalf, Allison Raddin, Marian Robinson, Bruce Crocker, Albert Gibbs, Alice Blood, Herbert Illingworth, Edith Pilling, Winslow Hodgdon, Louise Johnson.

Second prizes for the best plate of seven potatoes were won by Irving Hodgkins, Victor Eliason, Hazel Dexter, Earl Terrill, Josephine Dunton, Leonard Whiteside, John Cochrane, Raymond Lutz, Ellery Metcalf, John Fox, Charles Getchel.

Second prizes for the least number weighing fifteen pounds were awarded to Warren Parrott, Edmund Price, Earl Allsop, John O'Brien, George Sprague.

Other Work Exhibited.

In addition to the potato exhibit there was a general exhibition of manual work done in the schools the past year. Examples

of drawing, designing, sewing and wood working were displayed, together with vegetables, fruits and flowers, some of which were raised by the pupils.

Through the influence of the judges of our exhibit, Messrs. Karl F. Koch, William Sim and Henry J. Mills, the beauty of the exhibit was greatly enhanced by displays of fruits, flowers and vegetables by Saugus citizens and by two large flower firms outside of Saugus.

The Manola Orchestra donated its service and furnished music during the whole evening of the exhibit, adding much to the enjoyment of the occasion.

Essex Agricultural Fair.

Some of our exhibits of potatoes, wood working and sewing were later exhibited at Topsfield. There Alice Penny was given a third premium for the best plate of seven potatoes. Mary Moses won the first premium for a work bag. Gladys Trask received the first premium for a shirt waist. Mildred Borland received a third premium for a shirt waist.

Field Day.

The expense of the exhibit was met with funds raised from our field sports on June 17, 1911. In this way we raised \$73.37. Our expenses amounted to \$33.75. The balance, \$39.62 is deposited in the Home Savings Bank of Boston.

Our sports consisted of running races for the boys of the eighth grade and two games of base ball. High School vs. Alumni and Married men vs. Single men.

One of our citizens very kindly donated a silver cup for the winner of the foot race, which was won by Alfred Parkins.

The Saugus Brass Band donated its service for the Field Day and greatly enhanced the pleasure of the day for the large number of people in attendance.

Coaching Teachers.

At the close of school last June, the regular teachers affirmed unqualifiedly that 139 pupils were promoted as a direct result of the work of the special teachers. Of course, these

special teachers worked with many more than 139 pupils, many of whom were promoted. While some of the latter would undoubtedly have been promoted without the aid of the special teachers still there is no doubt about the improvement in the work of these pupils on account of the assistance of the special teachers. Each pupil failing of promotion entails an additional expense of approximately \$25 if not in financial outlay surely in lost efficiency for the school system. If our three special teachers had succeeded in saving from failure only sixty pupils the outlay would be justified as a bona fide business proposition.

Few places have so many pupils per teacher as Saugus, consequently the general demand for this sort of work is not so strong in many places as here. Yet some places having less than thirty pupils per teacher are employing special teachers to work with backward children.

This is a new movement in education since 1890, and one that has a wider adoption today than at any time in its history. The time will soon come when the practice in some one or more of its forms will be a regular part of all public school systems. It is not a fad or a frill since it introduces no new and untried subjects to the already overloaded school curriculum. It seeks to make more effective our work in long established and unquestioned lines of education.

The work can not be abandoned. It must be done in some way. I believe our way is the most economical. No part of our school population stands more in need of efficient training. Better curtail expense in some other way than to lessen so materially the whole efficiency of your school system.

Pupils Who Are Not Backward.

Not alone is the backward pupil to be considered in this discussion. The work of the special teacher with the backward pupil is equally helpful to the brighter pupil whom she may never meet. Simply because the regular teacher being relieved of the unavoidable and necessary individual work with the backward pupil has more time to do the regular, legitimate

work of the whole school. So the bright pupil in order that he may receive his just dues needs to have the special teacher working with the backward pupil.

How We Do the Work.

Of the many ways in which this work is done, such as by vacation schools, ungraded schools, special teachers for non-English speaking pupils, special assistants, principals' assistants, disciplinary schools, etc. We are using the plan that is now followed in Fitchburg. Fitchburg has employed special teachers for backward pupils for twenty years, where "after several years' experience with the type of ungraded class in which children backward in one or more branches took all their work in the ungraded rooms, a change was made to a plan by which the child engages in general exercises in one of the regular grades, and comes to the special teacher about 20 minutes each day for special help in the troublesome study. This teacher has no other children to watch, no other work to supervise. The special weakness of each child is considered, and the work planned accordingly. At least twice the number of children reached by the former plan can be reached by this plan. Fifty different children a day has been the highest number, forty to forty-five being the usual number."

In Cliftondale and East Saugus where each special teacher has work in three different buildings we have planned our work this year so that the special teacher comes oftener to each building than was the case last year. The Cliftondale special teacher spends each forenoon at the Felton School and alternates the afternoons between the Lincoln and Cliftondale Schools. The East Saugus special teacher having three four-room buildings to reach spends a half day at a time in each. This seems to be the best arrangement where we have only two teachers to do the work. If we had one more teacher the special teacher would work every day with the backward pupils. The oftener the special teacher can meet the backward pupil so much greater will the help be to the pupil.

**Summary of Promotion Reports for Grades below the High
School, June 16, 1911.**

Schools and Finances.

There are 310 municipalities in Massachusetts spending more money per pupil for the support of public schools than Saugus. Only sixty-nine municipalities in this state have a larger population than Saugus.

Saugus is paying \$16.25 per pupil less than the average per capita cost for the whole commonwealth.

It is generally conceded in Massachusetts that one-third of a municipality's tax should be used for the support of the public schools. Less than thirty per cent is being used for this purpose in Saugus.

In grading the municipalities according to the amount spent for the support of schools the state authorities eliminate the amount spent for buildings and permanent improvements. Our expenditures, including repairs and permanent improvements

has necessitated a tax rate of \$7.78, which is only 30.4 per cent of our total tax. Eliminating repairs and permanent improvements the school tax for the past year has been \$7.46 or 29.1 per cent of the total.

Each million dollars of valuation in Saugus must be taxed for the education of about three hundred children. At the state average per capita cost, each group of three hundred children would receive \$12,000. In Saugus each group of three hundred children receives only \$7,334.

It is a universal practice not to consider bonds, and interest on the same as items in the support of public schools. If this were not so, we should charge the department of education not only with the interest on outstanding bonds, but also with a yearly rental equal to ten per cent of the value of the property occupied for school purposes. On that basis we would be more than \$16.25 below the state average per capita cost.

The efficiency of a school system is dependent not so much on a high or low tax rate as it is upon the amount of money that it has to spend for the education of each individual pupil.

The per capita cost for the support of our schools for the fiscal year just ended is fifty cents less than that of the preceding year.

More than one-half the towns in the State having a population of over 5,000, not counting the cities, pay larger salaries than Saugus to the public school teachers.

In view of the foregoing statements the people of Saugus are to be congratulated for maintaining such a grade of schools as is to be found here. The relative efficiency of the Saugus schools is far greater than the relative cost would indicate. Other municipalities paying larger salaries and operating much more expensive school plants would find it difficult to prove that their product is much better grounded in the fundamentals of a general education than is ours. And while there is need for improvement in our schools I know of no place that is providing so good a public school education for so little money.

All the above statements in regard to finances are made not

with any spirit of condemnation, but rather to show that economy characterizes the management of the finances of the Saugus School Department.

Our Needs.

A longer course in manual training.

Two hours per week for ninth grade manual training.

More domestic science for the girls.

An up-to-date Business Department in the High School.

One more special teacher for backward pupils.

A wider use of our school property by the citizens, such as was made by the Riverside Club in maintaining evening sewing classes at the Emerson School during the fall term.

Some form of state aid or state taxation, whereby the industries of Lynn and Boston supported by laborers from Saugus can be made to contribute something for the education of the children of these Lynn and Boston laborers. Since it is the business of the state to provide for the training of its future citizens, the burden of taxation for this undertaking should not be restricted by municipal boundary lines. It is just as essential for the welfare of the state that the children in Saugus receive as good an educational training as the children in Brookline or Newton receive. In matters of educational finances there should be no Brooklines, Newtons or Sauguses. Public educational advantages should not be denied to the children of one section of the state while they are lavishly bestowed upon the children of another section. The state is at fault if it compels or allows one section of the state to pauperize itself in an endeavor to keep up with the state educational pace. If it is wrong to tax one section of the state for the education of the children of another section, then it is wrong to tax one man for the education of another man's children.

We need a new basis of distribution of the income from the Massachusetts School Fund.

The state pays half of the salary of a school superintendent in a group of towns uniting for that purpose. The state might well do the same thing in some instances where the equivalent of the group is encompassed by one municipal boundary line.

We lack means to make more effective the work of medical inspection. Much of the work goes for naught because in too many cases the physician's advice goes unheeded. Our school physicians have always performed their duties well and faithfully for an exceedingly small remuneration. One of our physicians had 61 cases to diagnose at his office during the past year in addition to his regular inspection of the schools. Another after years of faithful service resigned because he could not afford to take the necessary time from his regular practice for the small remuneration that we give.

Conclusion.

In conclusion let me call your attention to the statistics and tables that follow, also to the special reports herewith. I also take this opportunity to express my hearty appreciation of the coöperation of your Committee, of the teachers and of the citizens of Saugus in furthering the welfare of our public schools.

Respectfully submitted,

WILLIAM FISHER SIMS,

Superintendent of Schools.

Statistics.

Report of the Manual Training Instructor.

Mr. William F. Sims, Superintendent of Schools:

With regard to the work of the Manual Training Department during the past year, there has been little departure from that of the year before. In so far as the limited facilities for this work would allow, I believe that there has been a notable and steady development in this important branch of education. The particular drawback, and one that sooner or later must be overcome if the Town is to keep abreast with the times in the advancement of manual training, lies in the absence of a sufficiency of tools and machinery with which to bring the pupils to an adequate knowledge of the subject.

I am not unmindful nor unappreciative of the fact that some help was given to the work of this department at the opening of the last school year. This consisted of the purchase of a mitre-box and saw, hand-drill and other tools which were absolutely necessary to further development of the work. I want to thank you and the School Committee for the aid thus secured, but I would be remiss in my duty were I to fail to call attention to the needs that now confront the department and which must receive recognition if it is the desire of the Town to give their children an advanced knowledge in manual work. Tools and machinery are as necessary an accessory to an acquirement of manual training as the hands of the boys who operate them.

I am fully convinced that a lack of knowledge of conditions on the part of the parents is largely responsible for any absence of interest which may exist. When the parents are brought to a full realization of the great importance of this work, when they come to a full understanding of the value of this knowledge to the boy who leaves school to fight the battles of life alone, they will then take an active interest in developing this branch of work until it is at least on a parallel with that done in other towns of the size of Saugus. There is no better, in fact, no other way for parents to gain an intimate knowledge of the work of this department than to pay it an occasional visit. I want to take this opportunity to urge parents to see for themselves what

we are doing with each boy who is now receiving only forty hours of instruction each year. I know that a personal investigation would result in a popular demand that additional facilities be provided and more time for instruction be allowed. Another day for this department and a few lathes with which to give the pupils a deeper insight and a more thorough familiarity with the use of tools would bring results that I am quite sure would astonish the parents.

It was, therefore, with some disappointment that I began the last year of work. I had hoped for the purchase of at least three or four lathes and an extension of instruction to cover two hour classes instead of one hour. It is not practical to mix a class of beginners with the advanced pupils. When we take into consideration the fact that only forty hours a year are devoted to manual training instruction, taken altogether five days of eight hours each, I think we have every reason to be proud of what has been accomplished. The much needed sanitary arrangements which have been installed have been appreciated by pupils and instructor.

I want to thank you as the Superintendent of Schools for the deep interest you have taken in this department and for your coöperation. I have the signature of each pupil against a list of tools loaned him by the school authorities for use in the shop, and I trust that this will prove a benefit. I have given each boy a set of rules to govern his conduct in the class and good discipline generally has been the result.

We are very fortunate in having a room so well adapted to our work. It is well lighted, well heated and affords ample room for the purposes to which it is put. I have visited other schools and I have no hesitation in saying that we are doing as well as the best of them in so far as our limited facilities will allow.

Respectfully submitted,

S. PERRY CONGDON,

Instructor of Manual Training.

Supervisor of Drawing and Sewing.

SAUGUS, February 8, 1912.

Mr. William F. Sims, Superintendent of Schools:

DEAR SIR,—In accordance with your request, I hereby submit my report as Supervisor of Drawing and Sewing in the Saugus Schools.

In reviewing the years' work in Drawing from the lower grades through the High School, I feel that certain places of the work have made marked progress.

The definite aim in the primary grades has been to strengthen the hand and eye for

“ If hand and eye you deftly train
Firm grows the will and keen the brain.”

Small children draw naturally and confidently, a form of expression which disappears later if not developed. They use drawing to express ideas which are in their minds rather than to represent appearances of what is before them; all their drawing is practically memory drawing, it may be wanting in æsthetic and prospective qualities but never lacks *intention*.

As the child merges into the pre-adolescent stages he becomes self-critical. The inadequacy of his efforts disatisfies him, and his work loses the freedom of childhood. His instructive desire knows better than before, but his sense of beauty and proportion rises very slowly. He is interested in the construction of things and now is the time to introduce him in a practical way to plans and the means of developing his various plans.

The aim of teaching drawing to the older pupils is to cultivate the habit of doing things well, to appreciate the good work of others. “Appreciation increases with attempt;” to know a good design and to reject a bad one; to see beauty in common things, and to express himself clearly but simply with one's pencil.

Any child capable of making a grade from year to year can learn something from drawing and to his advantage.

The work in the High School is elective, and much ability is shown among the pupils in the courses. Want of time is the one great drawback. There are classes in free hand drawing, charcoal work, craft work, designing, and a large class of boys are working well in mechanical drawing.

I wish to express my appreciation to the Superintendent and to the teachers who have coöperated with me in my work.

The classes in sewing are making as much progress as is possible in the small amount of time allotted, namely, fifty minutes a week. Most of the girls show interest in the work, and after having learned some of the necessary stitches are now working on garments cut from cloth bought by them.

Last June the Ninth grade girls completed either waists or simple gingham dresses, and this year's class have drafted patterns for undergarments. Home work is encouraged and many of the girls have received extra credit for the same. One day every two months being appointed for the exhibition of this work.

A new machine in the sewing room at the High School is much enjoyed and is of great assistance in the work.

Last September we received a number of prizes at the Essex County Fair for work exhibited.

Sewing should be commenced in the sixth grade, so by the time the pupil has reached the eighth grade the necessary, and what seems at times to the pupil rather useless stitches, have been mastered, and they are ready to start on more practical work.

Respectfully submitted,

ETHEL AGNES BROWNE.

Supervisor of Drawing and Sewing.

To the Superintendent of Schools of the Town of Saugus:

DEAR SIR,—I have the honor to submit to you my report for the present year 1911 and 1912, as Supervisor of Music.

The course of study followed this year is the same as that of last year, the New Educational Music Course. The Eighth and Ninth Grades are now supplied with books in the series so that the course can be carried on systematically from one grade to another through the nine grades. A careful outline of the year's work has been placed in the hands of each grade teacher and the department hopes to have the work in all grades uniform throughout the Town.

Particular attention has been paid to proper breathing throughout the grades. Good singing is impossible without proper and intelligent breathing. Aside from the immediate benefit to the singing, the breathing exercises, rightly taken, strengthen the respiratory muscles and enlarge the breath capacity.

The aim of the course is thus two-fold, to develop a child physically and mentally. Breath control is largely muscular, and proper breathing is one of the first essentials to good health. Music training requires obedience to fixed rules, unity of action on the part of all participants, as well as the training of the ear, thus making it of value to the child's mental training.

The work in the ninth grade is particularly commendable. The students came in from the various eighth grades well trained for chorus work. We have ample material for study and the work shows steady improvement.

The High School work is greatly handicapped by the lack of material. Interest in any study, and particularly that of music, is sacrificed unless ample material of merit is provided. It is earnestly hoped this need may be supplied for the coming year.

Respectfully submitted,

MARY E. BERRY,

Supervisor of Music.

JANUARY, 24, 1912.

Mr. William F. Sims, Superintendent of Schools:

DEAR SIR, — The combined report of the activities and needs of the four upper classes of the High School and of the Ninth Grade is herewith presented. The total enrollment of all these grades in the building since September, 1911, is 245. Of these, 98 are boys and 147 girls.

Health Conditions.

It is with great pleasure that your Principal can comment favorably on the general attitude and character of these pupils. Their appearance is, almost to a pupil, neat and wholesome. The physical examination by the Medical Examiner and the Principal shows that these young people are cleanly and that their health is far, and away above the average of like graded city schools. The eye and ear tests, moreover, have shown a most excellent condition among our students in regard to seeing and hearing. But very few cases seem to be handicapped by these or any other physical disabilities. The excellent situation of the High School building, in point of light, and the large amount of window area in all of the rooms are probably responsible for the excellent condition of the pupils' sight. The Saugus pupils show both virility and physical strength, that they are responsive and thoughtful, and that they possess a gradually developing good judgment.

Leaving School: Causes.

However, while the general personal conditions are good, one fact should be especially noted,—the condition of so few boys lasting through to a fourth year course, or even to a third or second year. There were graduated last June but five boys in the four years' course. There are only four boys in the present senior class, and while there is a good-sized junior class of boys, yet, coming again to the second-year class, there are but five in that. Undoubtedly, this situation is attributable to three causes. First, that the school after June, 1912, will give no diploma in a three years' course; secondly, the sad lack of a

well-proportioned commercial course; third, the strong temptation for many to leave school to go to work for a weekly wage which, at first view, seems a high amount. The first of these causes is a minor one, but the second, and more especially the last, is of tremendous influence in a boy's failing to continue his High School course one or two years more. The temptation to work in Lynn at certain trades, at what for a boy of sixteen or seventeen would be extraordinarily good pay in other communities is very strong, and especially strong with an energetic pushing boy who aims to earn money. In fact, it takes away many of the best, business-like pupils early in their course. It is probable that it is a thing of necessity that some of these boys' parents are compelled to put them to work thus early on account of financial need, but again, many leave school by reason of that temptation of "big pay" which early will give a strong, energetic boy from twelve to fifteen dollars a week. However, it is almost impossible in these trades to secure a much higher wage than this, and the boy is held to that special work and has no potentials in a few years for anything beyond.

Of course there are exceptions but not as a rule in the trades of which we are speaking. To illustrate one exception: In the High School which came under my direction previously to my coming to Saugus a boy left school in the third year, long before graduation to enter the United States Army, in the coast artillery, as a private, feeling that his High School preparation for his life work was one that would not offer particularly good returns. He soon saw his opportunity, studied seriously by himself, since he had more or less leisure for study, and qualified in less than three years for the examination for a Second-Lieutenancy in the army. This he has passed and is to receive his commission as an officer in a few months. Such an opportunity, however, would not be possible for a boy who early leaves school to go into one of the Lynn trades which we have in mind, because the demands of that work are, from the first, exacting, since the work is, relatively speaking, highly paid from the very first. The boy is apt to judge hastily and estimate the value of his work from the immediate financial return rather than from what may be its

value a few years later. It should be the aim of all parents, teachers, churches, and social bodies in Saugus to keep boys and girls in school as long as possible, that the training of the last year or two of the adolescent period may develop in them the power to grow after they have left school. The second cause for leaving school so early could be partly remedied by introducing into one curriculum a well-rounded commercial course. There is little doubt that such a course would retain a certain number of pupils a year or two longer, especially when one notes the constantly increasing interest arising in the study of bookkeeping, one of the subjects already presented in the school. We should have, this next year, courses in at least stenography, typewriting, and penmanship.

Classes.

There is an increasing interest in the subject of Mechanical Drawing. Many boys in the High School are taking this work and many do excellently in it. This rising interest is probably the outcome of previous work taken in the Ninth Grade Manual Training classes and shows a real desire to make use of what knowledge they have gained in practical Manual Training courses. Such work is most surely a potent factor in making young boys think, and think of practical matters.

A reduction of the number of divisions in certain classes was made this year, especially in the English branches whereby a far more economical method of using the teacher's time, is now in use. By such reduction or condensation we have been able to get along this year with eight teachers instead of nine. A further reduction will be impossible since the incoming class from the Ninth Grade last September numbered 67, whereas the first year class the previous year contained but 39. This increase of nearly sixty per cent rendered it necessary to provide another room teacher's time. Moreover no relief was possible by using the teachers of the Ninth Grade for the instruction of this large Freshmen class because the Ninth Grade itself contained as many pupils this year as it did the previous year.

Indeed as the classes are taught today, some of them are too large for proper handling, especially in the first-year studies of Latin and Science.

Home Work.

An innovation has been tried since September in the teaching of the ninth grade pupils in a sustained attempt to get pupils to do at home what we may call "home work," that is, work of a manual or purely practical nature. This is work that is not stipulated as being of one sort for all but of many various types, to fit the capacity or taste of the individual pupil, as bread making, the care of the table, cooking of many and various things and the like. The aim here is to develop the habit of regularity, the habit of being of some use in the household, and of doing a few things well. Your Principal would ask that a sum of money be set aside by the School Board, possibly \$25 or \$30 for the purchase of supplies, that we may do simple, experimental work of this nature, not at home but in school hours. It would deal primarily with questions of economy in cooking and with the simpler elements of Domestic Science, and could be done in our laboratories with one or two gas ovens and a few gas plates. The work already done this year in the home work is being observed with great interest by the teachers interested in our ninth grade, and already warrants some slight outlay on the part of the School Committee.

Agriculture.

One other matter of a very practical nature should be brought, I believe, into the training of some of our Saugus pupils. This has to do with instruction in Agriculture, both from the theoretical and the practical side. Two courses in Agriculture could and should be given in our school, one an elementary general course in the Ninth Grade, the other a continuation of this elementary work into the first year of the High School curriculum and providing instruction and experimentation in whatever, from a local point of view, agriculturally affects Saugus people. This course could profitably deal with

market gardening, horticulture, fruit growing, poultry raising, and the like. Such instruction should deal mainly with these topics, and like topics taken up from the small farmer's point of view and rather personally than from the point of view of the great farms and of the farmer that deals with many acres.

The courses of zoölogy and botany now given in the High School could well be reduced to a course of agriculture, retaining certain elements of the science of zoölogy and botany, but only those elements that might be considered from the agricultural point of view. This is advisable since these natural science courses attract few pupils and are uneconomical in many ways. One attendant aid to this instruction could be made use of very materially and efficiently. Our Town Farm, so conveniently situated and so well managed, would readily offer facilities for agricultural teaching that should not be permitted to pass. Coöperation between the Board of Selectmen and the School Board could easily provide a plan whereby practical and observational work in agriculture could be done, and this at a very slight expense. Most surely the signs point to need of agricultural courses in our high schools. We have merely, in this matter, to recall the wonderful success of the Potato Exhibit given by the pupils of the Saugus schools; the tremendous interest that has been aroused among high school pupils in the Middle and Western states on the subject of farming; the strong incentive to agricultural teaching in Massachusetts high schools by the State Legislature in its legislation of 1911, whereby a chief part of the cost of such instruction is to be paid by the state. Such a course in agriculture, as advocated above, could well be inserted into our first year work in the High School, especially in our Scientific and English courses, for it would seem as though many of our first-year pupils do not have their time occupied quite fully enough. It would seem that those pupils could do more practical work. While this year it is probably not good sense to secure state aid for agricultural instruction in our school by subscribing to the conditions laid down by the State Board of Education in respect to the matter, yet the non-expensive and tentative method of teaching

•

this special branch as suggested in this report should be tried. If this is successful the first year, then, by all means, the method advocated by the State Board should be taken advantage of in 1913.

Aims.

The aims of our High School and the Ninth Grade departments were set forth in some detail in my last report, and I would merely state that I believe the aims today should be the same as those of last year, that is, for High School pupils thorough training for higher institutional work, for business, for utility in life; for the Ninth Grade graduates an early introduction into the elementary parts of a fairly large variety of subjects with special emphasis laid on accuracy in the School Arts, and on the formation of good habits. In discipline, from the view point not only of studies but also of personal character and conduct, the school is in excellent condition. Our teachers are exceedingly faithful, sympathetic with the school life and the social life of our pupils, and are ever ready to aid and assist the members of their classes to the limit of their powers, and all this in face of receiving salaries that are markedly low in contrast with those received by teachers in the towns and cities close to Saugus.

Other Needs.

Again this year, the Principal would repeat that the school is woefully lacking in not providing a good range of suitable reference books for science, history and literature study. There should be an expenditure of money for the purchase of such books and magazines. In the Principal's classes in English a number of the very significant present day topics are taken up for discussion. For a suitable investigation of such topics pupils are actually obliged to go to the Public Libraries of Boston and Lynn for information that they may use in presenting those questions in a scholarly and authoratative way. We sadly need proper up-to-date encyclopedias and reference books in many subjects. The trustees of our local Public Library

could undoubtedly assist our pupils in their work in these subjects by placing in the Town Library the current periodicals that deal with the very important social and political questions that are agitating our American life today.

Your Principal is very glad to announce that the New England College Entrance Certificate Board, representing thirteen of the colleges, recognizing the excellent work done in the colleges by Saugus High School graduates, has granted to the school the right of entrance by certification.

Respectfully submitted,

JAMES F. BUTTERWORTH,

Principal, Saugus High School.

MILDRED LOUISE KIMBALL

Air—"Flow Gently Sweet Afton"

I

Dear class of nineteen eleven the time has come
When fin'ly our days in the High School are o'er;
Yet in our life's journey whate'er it may be,
Those happy days we'll remember evermore.
May the lessons we learned there, in work and in play,
Teach us ever to follow the pathway of right,
Let our motto, "Perseverance conquers all,"
Come what will and come what may, be ever bright.

II

And when through the trials and pleasures of life;
Through sunshine and sorrow we've cheerfully passed,
May we enter, free from care, the world beyond,
Where our doings and not our riches are classed.
And so dear classmates go forward from this night
Avoiding the wrong in all you strive to do:
With hopeful hearts, look always for better things,
And to the dear mem'ry of your class be true.
